

TENNISSTATMAN

TennisStatMan Player Guide

Top 50 Men & Women

Summer 2026 Edition — Redesigned

Post-Wimbledon rankings snapshot. Skill radars and scouting notes freeze the tour as it stood in Summer 2026. White canvas redesign with blue info cards, nationality flags, photoreal portraits, and numeric skill ratings on every radar.

INSIDE THIS GUIDE

- 100 player pages · photoreal AI portraits · nationality flags
- Summer 2026 skill radars with numeric edge ratings
- Blue bio cards · Stat Man strengths & weaknesses · top finishes · fun facts

HOW TO READ THIS GUIDE

Skill radar & bio keys

Every page freezes a Summer 2026 scouting snapshot. Rankings are the post-Wimbledon singles list. Last year's rank is the comparable summer mark from 2025. Skill numbers on the radar edge are 0–100 scouting grades.

CORE FIVE AXES

- Serve** — Free points and hold security
- Forehand** — Primary finishing weapon
- Backhand** — Redirect quality under pressure
- Net Play** — Finishing and transition instincts
- Movement** — Recovery, defense, and court coverage

STAT MAN VOICE

Strengths and weaknesses are written from the skill breakdown first — what the radar peaks say, and which soft spots rivals should attack. Fun facts are the palate cleanser. Flags mark nationality; portraits are AI photo-close studies inspired by tour media days.

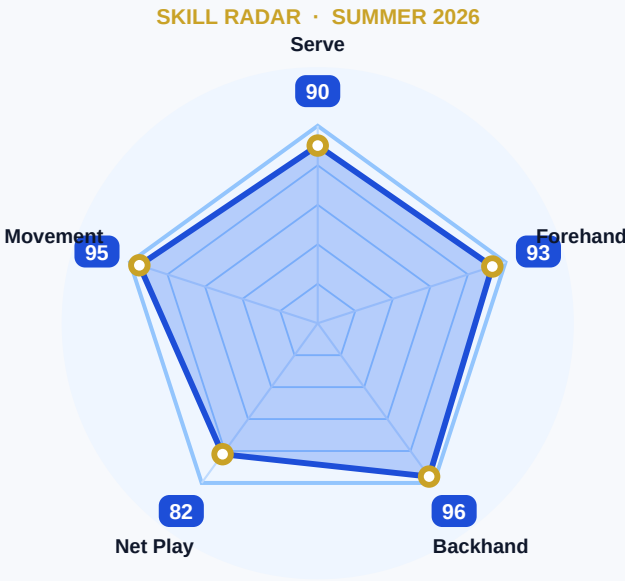

SUMMER 2026 EDITION

ATP Top 50

Gentlemen's singles scouting pages, ranked 1–50 for Summer 2026.

Jannik Sinner

Elastic baseline closer

Year born 2001	Location San Candido, Italy	Height 191 cm (6'3")
Years on tour 8	Nationality Italy	Hand Right
Current rank No. 1	Last year rank No. 1	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Australian Open W 2024
- US Open W 2024
- Australian Open W 2025
- Wimbledon F 2025
- Miami W 2026

FUN FACT

He was an elite junior skier before choosing tennis full-time, and his balance still shows up in his sliding recovery steps.

BEST STRENGTHS

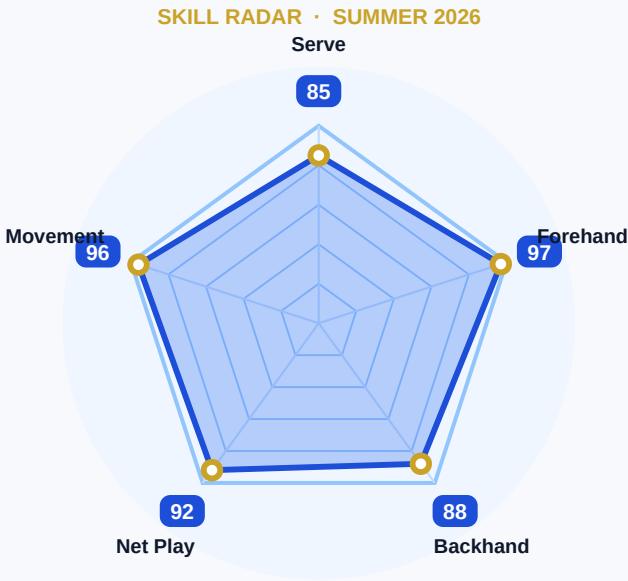

Sinner keeps points on a narrow, violent track with elite backhand depth and a first serve that now earns cheap holds. His contact quality barely dips when opponents rush him.

WORST WEAKNESSES

The front court is still the one zone where he can look scripted rather than instinctive. Heavy kick serves wide can also drag him into more defensive forehands than he wants.

Carlos Alcaraz

All-court shotmaker

Year born 2003	Location El Palmar, Spain	Height 183 cm (6'0")
Years on tour 8	Nationality Spain	Hand Right
Current rank No. 2	Last year rank No. 2	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- US Open W 2022
- Wimbledon W 2023
- Roland Garros W 2024
- Wimbledon W 2024
- Indian Wells W 2026

FUN FACT

His father ran a tennis academy in Murcia, giving Alcaraz a practice-court home long before he be- came a global draw.

BEST STRENGTHS

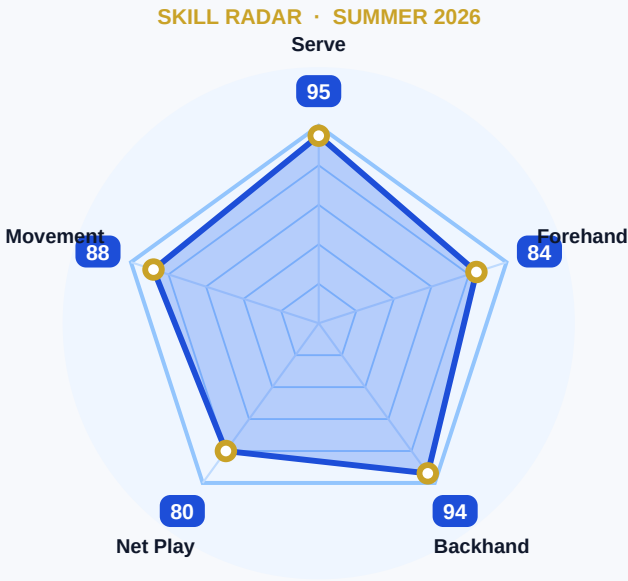

Alcaraz can turn a neutral ball into a highlight from almost anywhere, then finish with soft hands at net. His acceleration to the drop shot changes opponents' court positioning before the rally even starts.

WORST WEAKNESSES

The same appetite for creation can leak errors when a simple pattern would do. On lower-bouncing indoor courts, his second-serve games can invite sudden pressure.

Alexander Zverev

Tall backhand metronome

Year born 1997	Location Hamburg, Germany	Height 198 cm (6'6")
Years on tour 13	Nationality Germany	Hand Right
Current rank No. 3	Last year rank No. 3	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- ATP Finals W 2018
- Tokyo Olympics W 2021
- ATP Finals W 2021
- Roland Garros F 2024
- Rome W 2024

FUN FACT

Both of his parents represented the Soviet Union in tennis before the family built a German tennis base.

BEST STRENGTHS

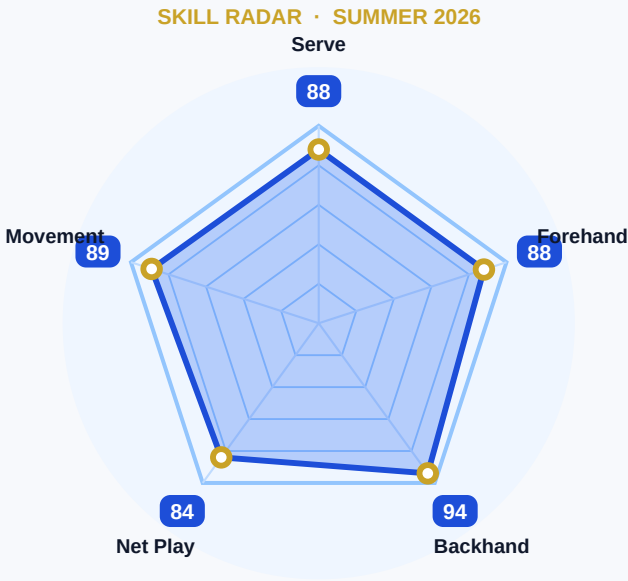

Zverev's first serve and two-handed backhand give him two top-shelf pressure shots. When his return position is set, he can make big servers play one more ball all afternoon.

WORST WEAKNESSES

The forehand can still get cautious under scoreboard heat, especially when he has to create pace himself. Net instincts remain more functional than natural.

Novak Djokovic

Return-game grandmaster

Year born 1987	Location Belgrade, Serbia	Height 188 cm (6'2")
Years on tour 23	Nationality Serbia	Hand Right
Current rank No. 4	Last year rank No. 6	Turned pro 2003

TOP 5 TOURNAMENT FINISHES

- Australian Open W 2023
- Roland Garros W 2023
- US Open W 2023
- Paris Olympics W 2024
- Wimbledon SF 2025

FUN FACT

He has won every Masters 1000 event at least twice, a feat often called the double Career Golden Masters.

BEST STRENGTHS

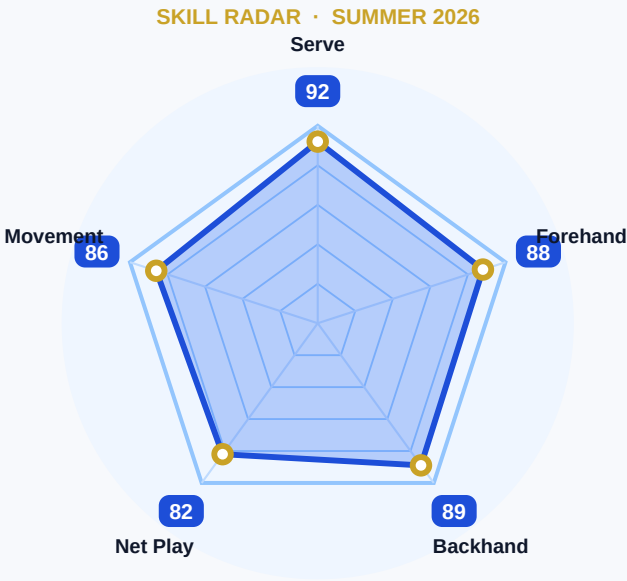

Djokovic still reads serve direction earlier than almost anyone and turns defense into clean center-court depth. His backhand down the line remains a tactical trapdoor.

WORST WEAKNESSES

The week-to-week recovery tax is larger now, so long physical semifinals can matter more than they used to. Younger power players can take time away if they keep him from resetting with depth.

Taylor Fritz

First-strike hard-courter

Year born 1997	Location Rancho Palos Verdes, United	Height 196 cm (6'5")
Years on tour 11	Nationality United States	Hand Right
Current rank No. 5	Last year rank No. 4	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Indian Wells W 2022
- US Open F 2024
- ATP Finals SF 2024
- Wimbledon SF 2025
- Delray Beach W 2026

FUN FACT

His mother, Kathy May, was a top-10 player, making the Fritz household a two-generation tennis scout- ing report.

BEST STRENGTHS

Fritz stacks serve location with flat baseline pace and makes opponents defend from the first strike. His backhand block return is a quiet weapon against pace.

WORST WEAKNESSES

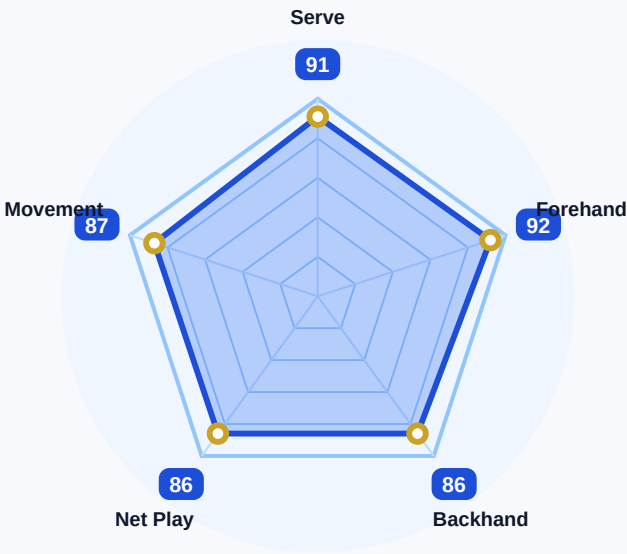

Low, skidding balls can pull him forward into less comfortable transition choices. Clay still asks more improvisation than his cleanest patterns prefer.

Jack Draper

Lefty power disruptor

SKILL RADAR · SUMMER 2026

Year born 2001	Location Sutton, England	Height 193 cm (6'4")
Years on tour 8	Nationality Great Britain	Hand Left
Current rank No. 6	Last year rank No. 8	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- US Open SF 2024
- Indian Wells W 2025
- Queen's Club F 2025
- Australian Open QF 2026
- Madrid SF 2026

FUN FACT

His mother, Nicky, served as chief executive of the Lawn Tennis Association in Wales.

BEST STRENGTHS

Draper's lefty serve opens the ad court and his forehand can finish before a defender gets organized. He is at his best when he keeps points bold and forward-moving.

WORST WEAKNESSES

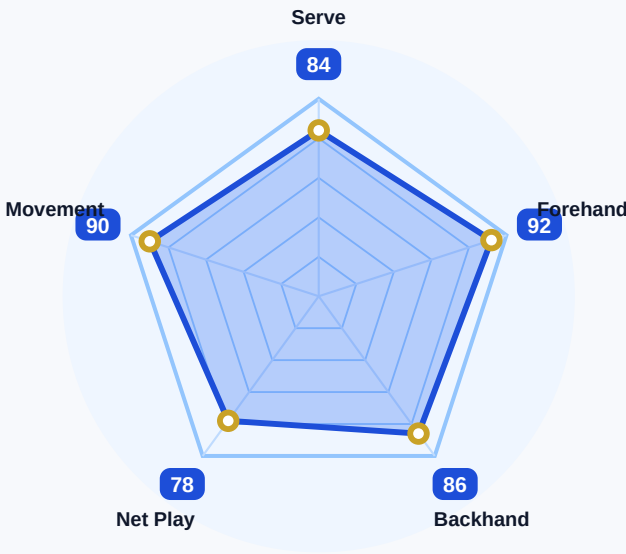

Durability across back-to-back three-setters is still part of the long-term file. The backhand can become a rally shot when rushed high above the shoulder.

João Fonseca

Teen forehand launcher

SKILL RADAR · SUMMER 2026

Year born 2006	Location Rio de Janeiro, Brazil	Height 185 cm (6'1")
Years on tour 2	Nationality Brazil	Hand Right
Current rank No. 7	Last year rank No. 55	Turned pro 2024

TOP 5 TOURNAMENT FINISHES

- Next Gen Finals W 2024
- Rio SF 2025
- Madrid QF 2025
- Roland Garros QF 2026
- Halle F 2026

FUN FACT

He won the 2023 US Open boys' title and quickly became Brazil's biggest ATP prospect in a genera- tion.

BEST STRENGTHS

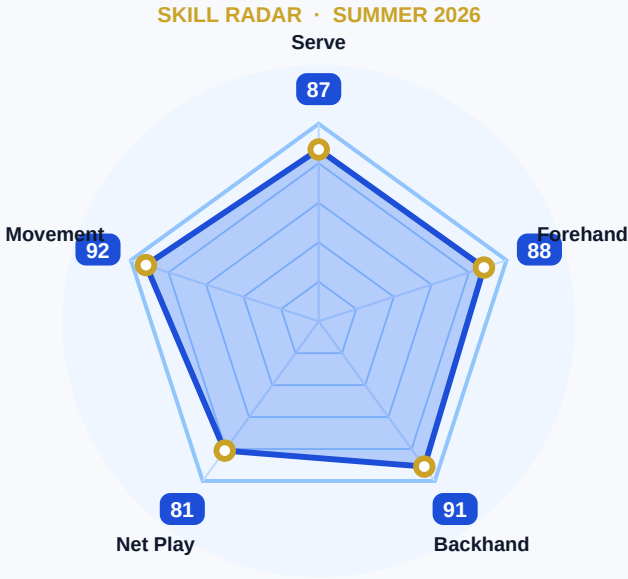

Fonseca's forehand already has top-five RPM-and-speed menace, especially when he steps around second serves. He plays with a fearless scoreboard temperament rare for his age.

WORST WEAKNESSES

The return block and net transition are still catching up to the baseline ceiling. Veteran slice-and-angle players can make him hit extra adjustment balls.

Holger Rune

Tempo-changing counterpuncher

Year born 2003	Location Gentofte, Denmark	Height 188 cm (6'2")
Years on tour 6	Nationality Denmark	Hand Right
Current rank No. 8	Last year rank No. 12	Turned pro 2020

TOP 5 TOURNAMENT FINISHES

- Paris Masters W 2022
- Monte Carlo F 2023
- Rome F 2023
- Wimbledon QF 2023
- Cincinnati SF 2026

FUN FACT

As a junior, he won the 2019 Roland Garros boys' title and reached junior world No. 1.

BEST STRENGTHS

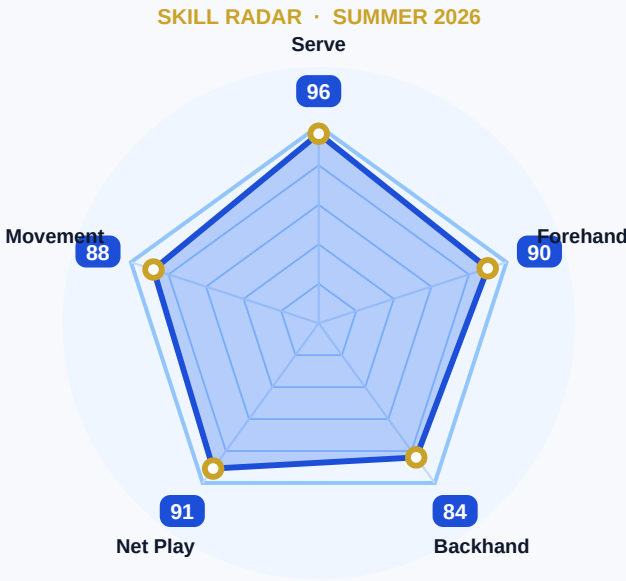

Rune can absorb pace, redirect early, and then suddenly add a drop shot or line change. His competitive volume gives him a chance to flip ugly sets quickly.

WORST WEAKNESSES

Service-game lapses still arrive in bunches when his toss rhythm wanders. The emotional thermostat can run hot enough to cost him simple execution.

Ben Shelton

Lefty serve showman

Year born 2002	Location Gainesville, United States	Height 193 cm (6'4")
Years on tour 4	Nationality United States	Hand Left
Current rank No. 9	Last year rank No. 10	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- US Open SF 2023
- Houston W 2024
- Basel W 2024
- Australian Open SF 2025
- Wimbledon QF 2026

FUN FACT

He won the 2022 NCAA singles title for Florida before leaving college tennis for the ATP Tour.

BEST STRENGTHS

Shelton owns one of the tour's loudest lefty serves and backs it up with front-court courage. His athletic closing speed makes passing him feel rushed even when the approach is playable.

WORST WEAKNESSES

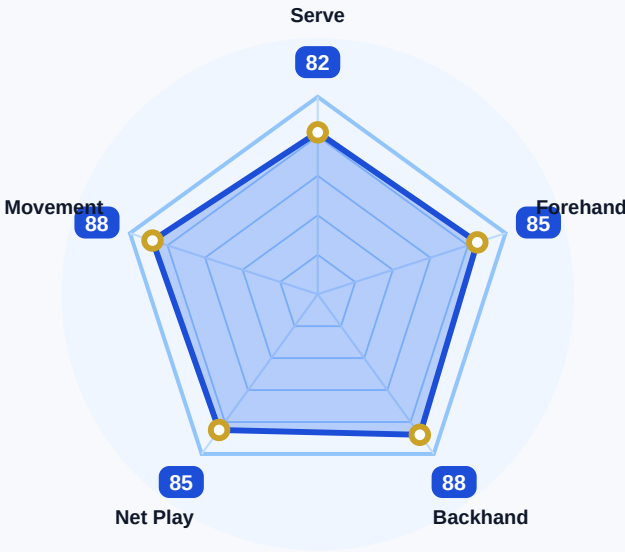

The backhand return can sit up if opponents jam the body or take away his swing. He still has matches where shot selection runs faster than percentage tennis.

Lorenzo Musetti

One-hand backhand artist

SKILL RADAR · SUMMER 2026

Year born 2002	Location Carrara, Italy	Height 185 cm (6'1")
Years on tour 7	Nationality Italy	Hand Right
Current rank No. 10	Last year rank No. 14	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Hamburg W 2022
- Monte Carlo SF 2024
- Wimbledon SF 2024
- Paris Olympics Bronze 2024
- Rome F 2026

FUN FACT

He became a father in 2024, then produced some of the best major results of his career.

BEST STRENGTHS

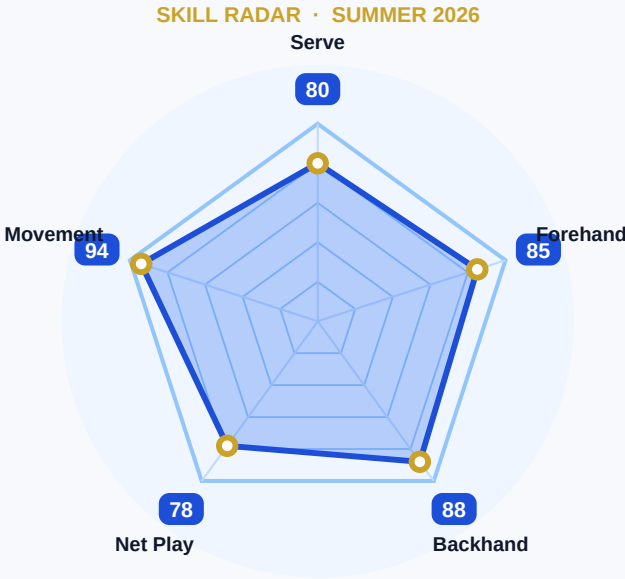

Musetti bends rallies with the one-handed backhand, slice, and touch volleys that pull power players out of rhythm. His clay movement lets him defend beautifully without giving up artistry.

WORST WEAKNESSES

The serve can leave him starting too many neutral points against elite returners. When pinned deep on hard courts, he sometimes needs extra swings to finish.

Alex de Minaur

Relentless speed merchant

Year born 1999	Location Sydney, Australia	Height 183 cm (6'0")
Years on tour 11	Nationality Australia	Hand Right
Current rank No. 11	Last year rank No. 7	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Acapulco W 2023
- Acapulco W 2024
- Roland Garros QF 2024
- US Open QF 2024
- Rotterdam F 2026

FUN FACT

His nickname, Demon, fits a player whose recovery speed makes the court feel smaller for opponents.

BEST STRENGTHS

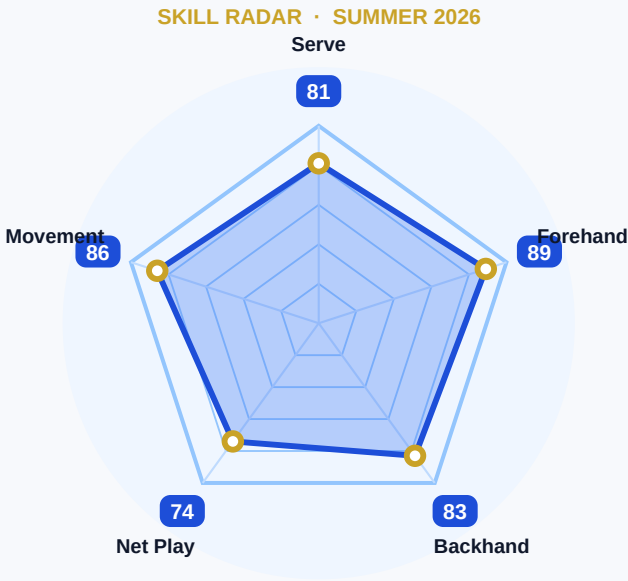

Stat Man's read: Alex's relentless speed merchant game peaks with movement (95) — court coverage stretches opponents into low-percentage targets. Secondary edge is backhand (86): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (80) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Alex's ceiling jumps a tier.

Andrey Rublev

Blunt-force baseliner

Year born 1997	Location Moscow, Russia	Height 188 cm (6'2")
Years on tour 12	Nationality Russia	Hand Right
Current rank No. 12	Last year rank No. 11	Turned pro 2014

TOP 5 TOURNAMENT FINISHES

- Monte Carlo W 2023
- Madrid W 2024
- Hong Kong W 2025
- Doha F 2026
- Hamburg SF 2026

FUN FACT

Rublev co-founded a clothing label called Rublo that has featured his 'Play for the Kids' messaging.

BEST STRENGTHS

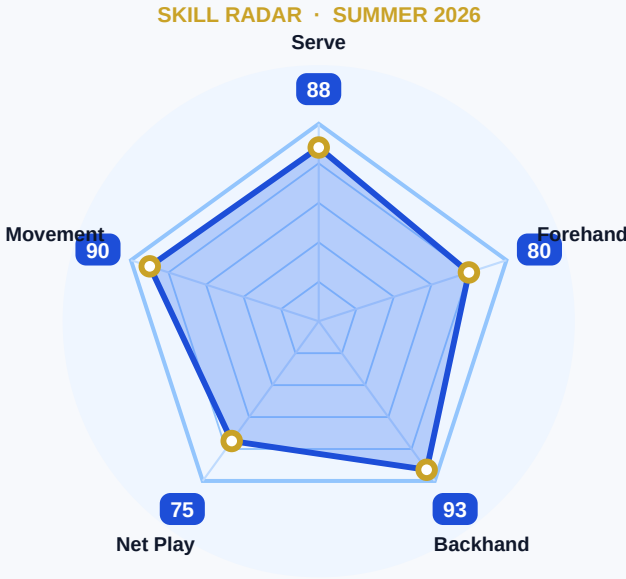

Stat Man's read: Andrey's blunt-force baseliner game peaks with forehand (93) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is movement (84): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (70) is the first door opponents knock on — the net game is still more obligation than weapon. backhand (82) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Andrey's ceiling jumps a tier.

Daniil Medvedev

Deep-court chess master

Year born 1996	Location Monte Carlo, Monaco	Height 198 cm (6'6")
Years on tour 12	Nationality Russia	Hand Right
Current rank No. 13	Last year rank No. 9	Turned pro 2014

TOP 5 TOURNAMENT FINISHES

- US Open W 2021
- ATP Finals W 2020
- Rome W 2023
- Australian Open F 2024
- Indian Wells F 2025

FUN FACT

His unusually deep return position has become one of the most copied and debated tactical signatures on tour.

BEST STRENGTHS

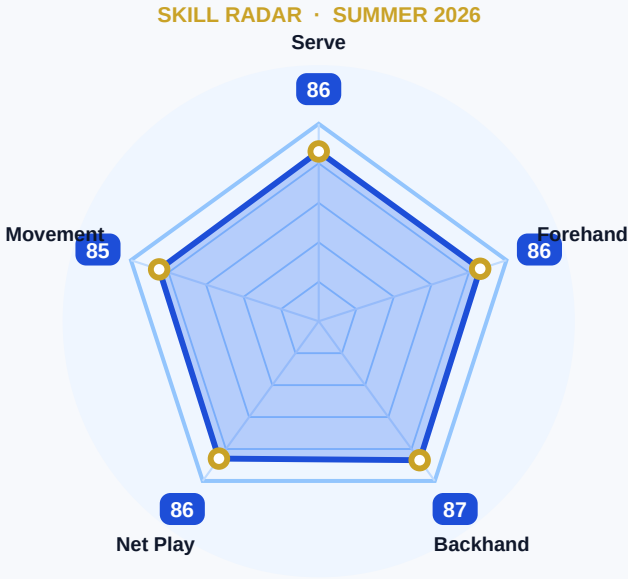

Stat Man's read: Daniil's deep-court chess master game peaks with backhand (91) — down-the-line backhand changes keep baseliners honest. Secondary edge is movement (88): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (72) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. forehand (80) is the backup plan if that fails: long exchanges expose timing cracks on the stronger wing. Fix either one and Daniil's ceiling jumps a tier.

Grigor Dimitrov

Elegant all-court veteran

Year born 1991	Location Haskovo, Bulgaria	Height 191 cm (6'3")
Years on tour 18	Nationality Bulgaria	Hand Right
Current rank No. 14	Last year rank No. 15	Turned pro 2008

TOP 5 TOURNAMENT FINISHES

- ATP Finals W 2017
- Brisbane W 2024
- Miami F 2024
- Paris Masters F 2023
- Queen's Club SF 2026

FUN FACT

He remains Bulgaria's most successful men's play- er and still carries one of the tour's smoothest one-handed backhands.

BEST STRENGTHS

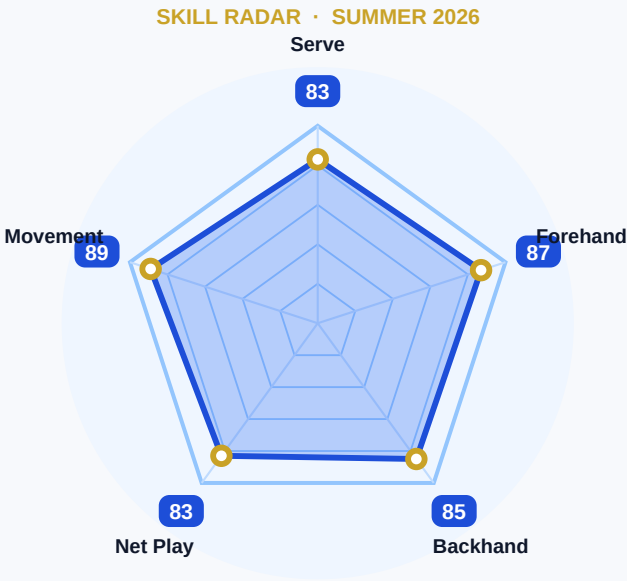

Stat Man's read: Grigor's elegant all-court veteran game peaks with backhand (88) — down-the-line backhand changes keep baseliners honest. Secondary edge is forehand (87): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (84) is the first door opponents knock on — extended defensive patterns can turn into scoreboard leaks. serve (86) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Grigor's ceiling jumps a tier.

Tommy Paul

Athletic point builder

Year born 1997	Location Greenville, United States	Height 185 cm (6'1")
Years on tour 11	Nationality United States	Hand Right
Current rank No. 15	Last year rank No. 13	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Stockholm W 2021
- Australian Open SF 2023
- Dallas W 2024
- Queen's Club W 2024
- Acapulco SF 2026

FUN FACT

Paul won the 2015 Roland Garros boys' singles title during a strong American junior generation.

BEST STRENGTHS

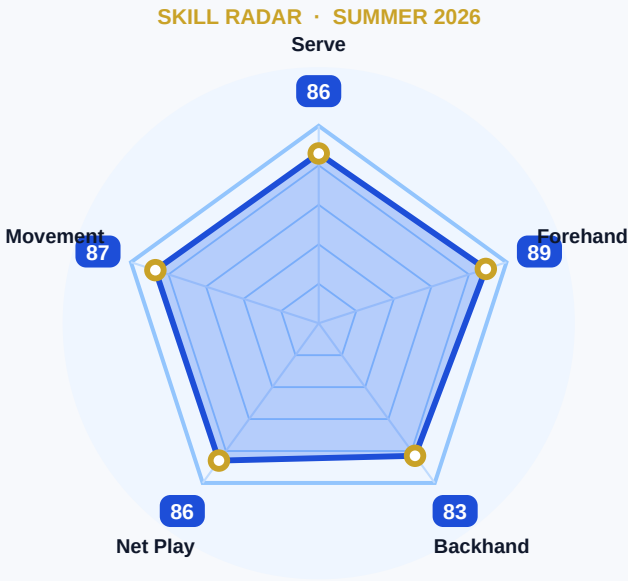

Stat Man's read: Tommy's athletic point builder game peaks with movement (89) — elite recovery steps turn defense into the next offensive ball. Secondary edge is forehand (86): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (82) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (83) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Tommy's ceiling jumps a tier.

Frances Tiafoe

Explosive crowd lifter

Year born 1998	Location Hyattsville, United States	Height 188 cm (6'2")
Years on tour 11	Nationality United States	Hand Right
Current rank No. 16	Last year rank No. 18	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- US Open SF 2022
- Houston W 2023
- Stuttgart W 2023
- US Open SF 2024
- Washington F 2026

FUN FACT

He grew up around the Junior Tennis Champions Center in Maryland, where his father worked on the maintenance crew.

BEST STRENGTHS

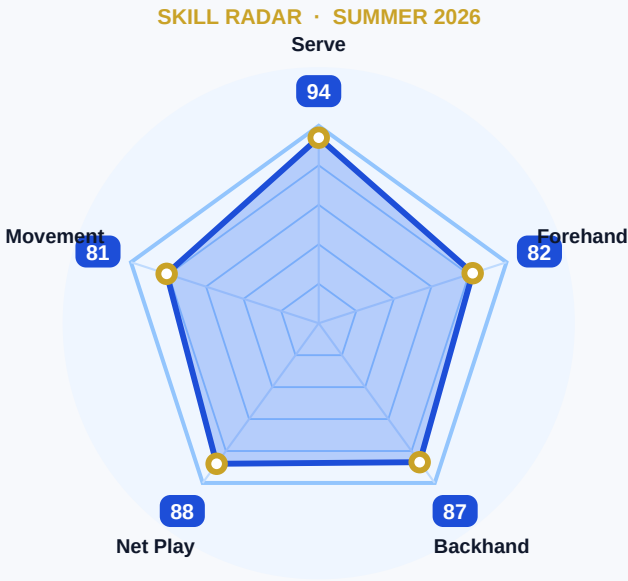

Stat Man's read: Frances's explosive crowd lifter game peaks with forehand (88) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (86): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: backhand (80) is the first door opponents knock on — rivals camp on the backhand corner and wait for a short ball. net play (83) is the backup plan if that fails: points that should be finished at net get replayed from the baseline. Fix either one and Frances's ceiling jumps a tier.

Hubert Hurkacz

Big-serve net glider

Year born 1997	Location Wroclaw, Poland	Height 196 cm (6'5")
Years on tour 11	Nationality Poland	Hand Right
Current rank No. 17	Last year rank No. 5	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Miami W 2021
- Wimbledon SF 2021
- Shanghai W 2023
- Halle W 2022
- Estoril W 2024

FUN FACT

Hurkacz is known for relaxed sportsmanship on court and a serve motion that looks almost effort- less at full speed.

BEST STRENGTHS

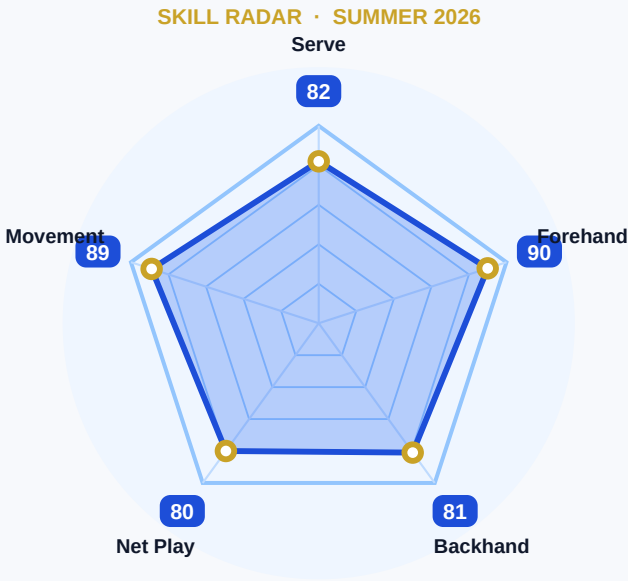

Stat Man's read: Hubert's big-serve net glider game peaks with serve (94) — the delivery still sets the table before the rally even starts. Secondary edge is backhand (86): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (80) is the first door opponents knock on — heavy hitters win the geography battle when legs get heavy. forehand (82) is the backup plan if that fails: the forehand leaks errors when rushed off the back foot. Fix either one and Hubert's ceiling jumps a tier.

Casper Ruud

Heavy-topspin grinder

Year born 1998	Location Oslo, Norway	Height 183 cm (6'0")
Years on tour 11	Nationality Norway	Hand Right
Current rank No. 18	Last year rank No. 16	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Roland Garros F 2022
- US Open F 2022
- Roland Garros F 2023
- Barcelona W 2024
- Madrid SF 2026

FUN FACT

He trains at the academy founded by Rafael Nadal, whose clay-court habits helped shape Ruud's fore- hand patterns.

BEST STRENGTHS

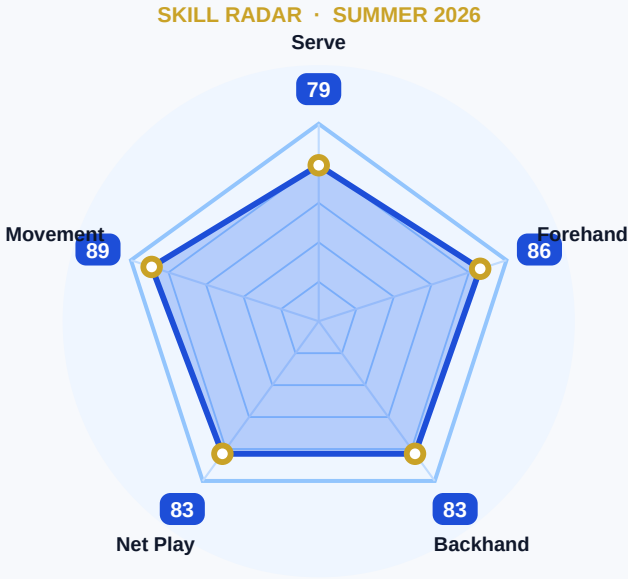

Stat Man's read: Casper's heavy-topspin grinder game peaks with forehand (90) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is movement (86): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (75) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. backhand (78) is the backup plan if that fails: rivals camp on the backhand corner and wait for a short ball. Fix either one and Casper's ceiling jumps a tier.

Alejandro Davidovich Fokina

Chaotic pressure creator

Year born 1999	Location Malaga, Spain	Height 183 cm (6'0")
Years on tour 9	Nationality Spain	Hand Right
Current rank No. 19	Last year rank No. 30	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Monte Carlo F 2022
- Delray Beach F 2025
- Acapulco F 2025
- Barcelona SF 2026
- Madrid QF 2026

FUN FACT

His habit of diving for volleys has made him one of the tour's most watchable chaos agents.

BEST STRENGTHS

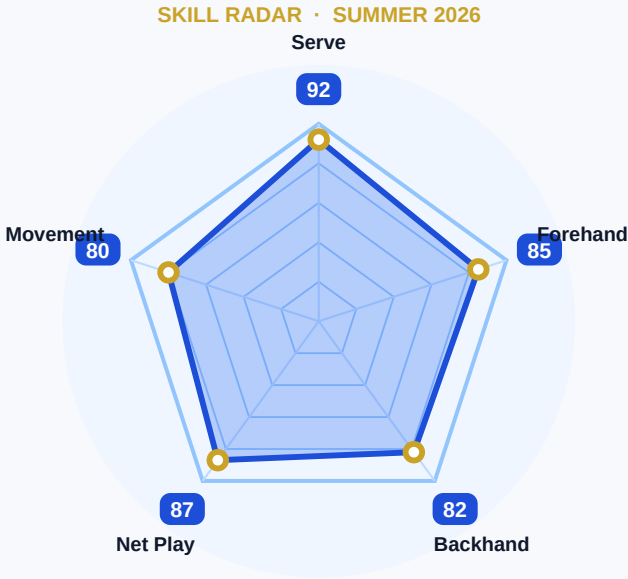

Stat Man's read: Alejandro's chaotic pressure creator game peaks with movement (90) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (85): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (79) is the first door opponents knock on — second-serve looks can sit up and invite first-strike returns. backhand (83) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Alejandro's ceiling jumps a tier.

Alexander Bublik

Serve-plus-trickster

Year born 1997	Location Gatchina, Russia	Height 196 cm (6'5")
Years on tour 10	Nationality Kazakhstan	Hand Right
Current rank No. 20	Last year rank No. 23	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Montpellier W 2022
- Halle W 2023
- Montpellier W 2024
- Dubai W 2024
- Stuttgart F 2026

FUN FACT

Bublik's underarm serves and sudden drop shots are not gimmicks so much as part of his normal tactical vocabulary.

BEST STRENGTHS

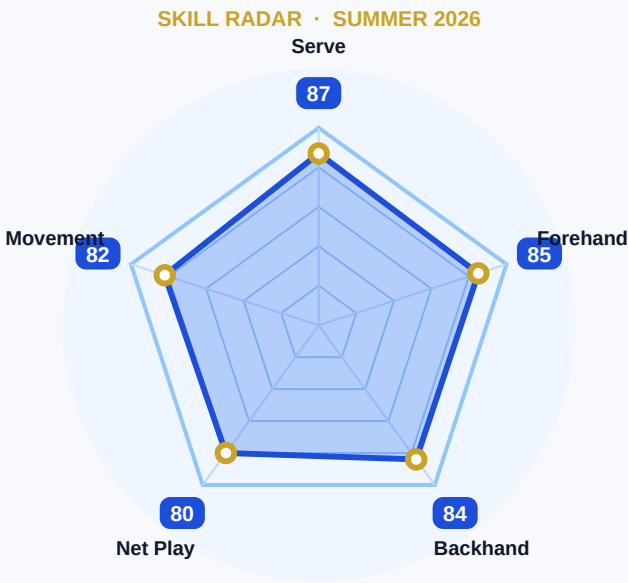

Stat Man's read: Alexander's serve-plus-trickster game peaks with serve (92) — the first serve buys free points and shortens every service game. Secondary edge is forehand (84): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (78) is the first door opponents knock on — heavy hitters win the geography battle when legs get heavy. backhand (78) is the backup plan if that fails: rivals camp on the backhand corner and wait for a short ball. Fix either one and Alexander's ceiling jumps a tier.

Karen Khachanov

Linear power hitter

Year born 1996	Location Moscow, Russia	Height 198 cm (6'6")
Years on tour 13	Nationality Russia	Hand Right
Current rank No. 21	Last year rank No. 22	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Paris Masters W 2018
- Tokyo Olympics Silver 2021
- US Open SF 2022
- Australian Open SF 2023
- Doha W 2024

FUN FACT

Khachanov's full first name is Karen, pronounced with the stress closer to the second syllable in Russian usage.

BEST STRENGTHS

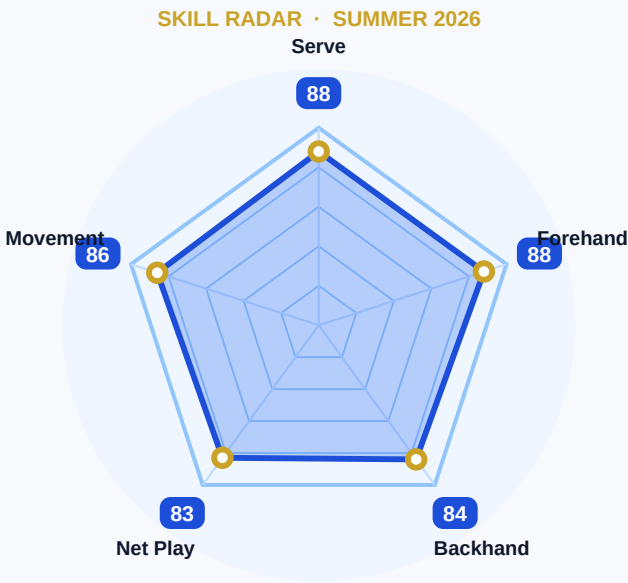

Stat Man's read: Karen's linear power hitter game peaks with serve (87) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (86): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (75) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (79) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Karen's ceiling jumps a tier.

Felix Auger-Aliassime

Rhythmic power server

Year born 2000	Location Montreal, Canada	Height 193 cm (6'4")
Years on tour 9	Nationality Canada	Hand Right
Current rank No. 22	Last year rank No. 19	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Rotterdam W 2022
- Basel W 2022
- Paris Masters SF 2022
- Madrid F 2024
- Adelaide W 2025

FUN FACT

For years he pledged donations per point won to support children's education in Togo, his father's birth country.

BEST STRENGTHS

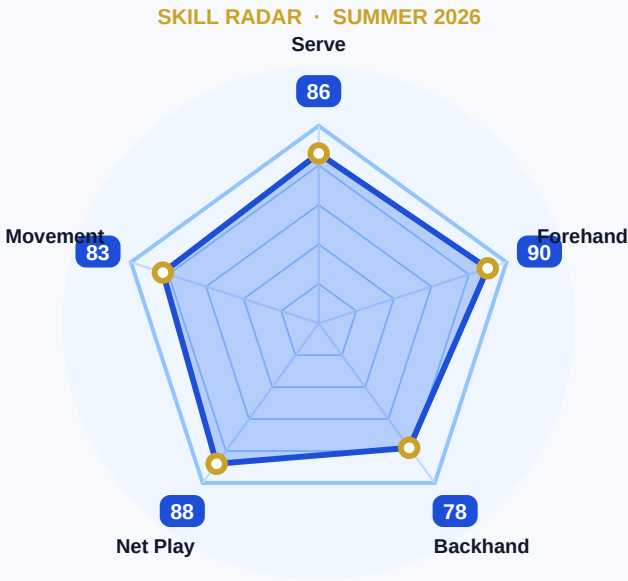

Stat Man's read: Felix's rhythmic power server game peaks with serve (88) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (87): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — the net game is still more obligation than weapon. backhand (80) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Felix's ceiling jumps a tier.

Stefanos Tsitsipas

Forecourt-minded shotmaker

Year born 1998	Location Athens, Greece	Height 193 cm (6'4")
Years on tour 10	Nationality Greece	Hand Right
Current rank No. 23	Last year rank No. 20	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- ATP Finals W 2019
- Roland Garros F 2021
- Australian Open F 2023
- Monte Carlo W 2024
- Los Cabos F 2025

FUN FACT

Tsitsipas has often documented the tour through photography and travel videos alongside his tennis career.

BEST STRENGTHS

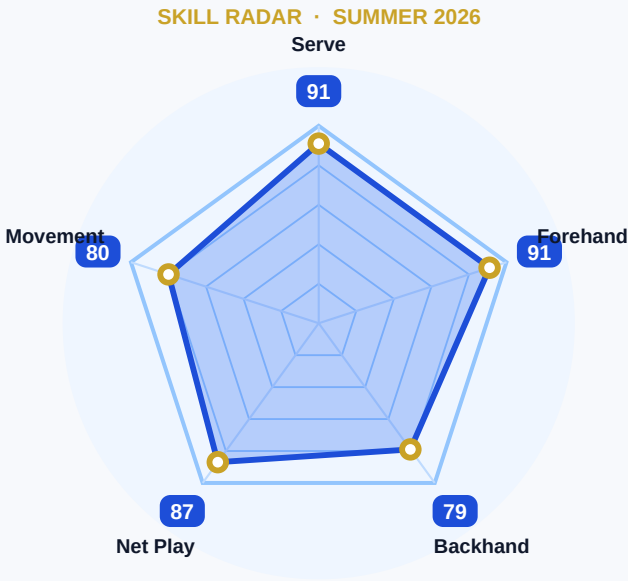

Stat Man's read: Stefanos's forecourt-minded shotmaker game peaks with forehand (90) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is serve (86): the delivery still sets the table before the rally even starts. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: backhand (76) is the first door opponents knock on — rivals camp on the backhand corner and wait for a short ball. movement (81) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Stefanos's ceiling jumps a tier.

Matteo Berrettini

Serve-forehand hammer

Year born 1996	Location Rome, Italy	Height 196 cm (6'5")
Years on tour 11	Nationality Italy	Hand Right
Current rank No. 24	Last year rank No. 35	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Wimbledon F 2021
- Queen's Club W 2021
- Queen's Club W 2022
- Marrakech W 2024
- Stuttgart W 2024

FUN FACT

His slice backhand became a survival tool that lets his massive forehand decide the next ball.

BEST STRENGTHS

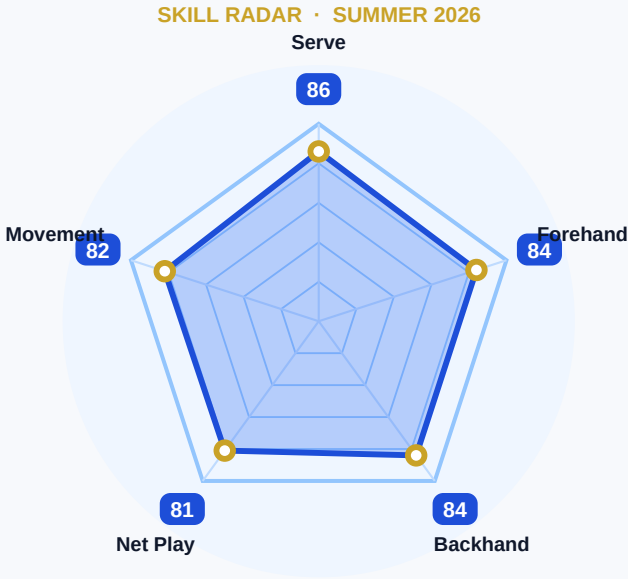

Stat Man's read: Matteo's serve-forehand hammer game peaks with forehand (91) — the forehand is the finishing hammer once the court opens up. Secondary edge is serve (91): cheap points off the serve keep pressure on the returner all match. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: backhand (74) is the first door opponents knock on — passivity off the backhand wing gifts transition chances. movement (76) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Matteo's ceiling jumps a tier.

Tallon Griekspoor

Compact indoor attacker

Year born 1996	Location Haarlem, Netherlands	Height 188 cm (6'2")
Years on tour 11	Nationality Netherlands	Hand Right
Current rank No. 25	Last year rank No. 27	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Pune W 2023
- 's-Hertogenbosch W 2023
- Rotterdam SF 2024
- Dubai SF 2025
- Halle SF 2026

FUN FACT

Griekspoor once put together one of the Challenger Tour's longest winning streaks before settling into ATP consistency.

BEST STRENGTHS

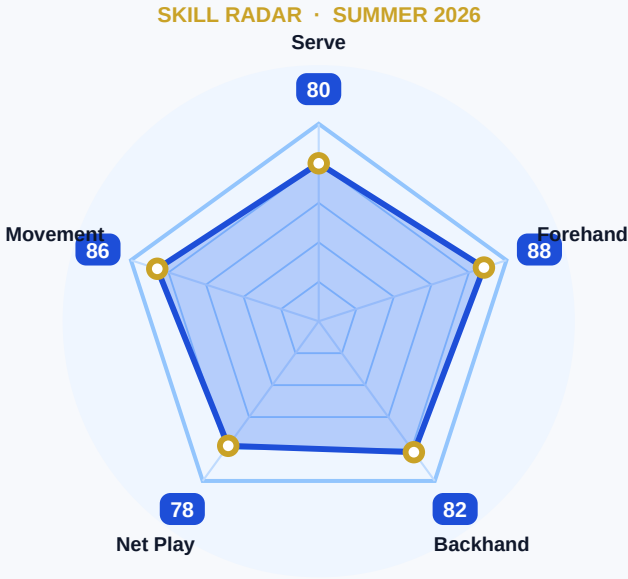

Stat Man's read: Tallon's compact indoor attacker game peaks with serve (86) — cheap points off the serve keep pressure on the returner all match. Secondary edge is forehand (85): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — the net game is still more obligation than weapon. movement (80) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Tallon's ceiling jumps a tier.

Francisco Cerundolo

Heavy forehand climber

Year born 1998	Location Buenos Aires, Argentina	Height 185 cm (6'1")
Years on tour 8	Nationality Argentina	Hand Right
Current rank No. 26	Last year rank No. 26	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Bastad W 2022
- Miami SF 2022
- Eastbourne W 2023
- Madrid SF 2024
- Buenos Aires F 2026

FUN FACT

His sister, Constanza, has represented Argentina in field hockey, making the Cerundolos a multi-sport family.

BEST STRENGTHS

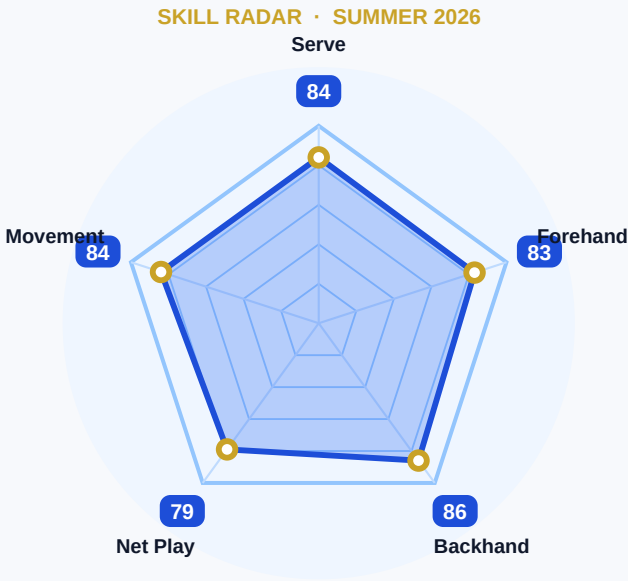

Stat Man's read: Francisco's heavy forehand climber game peaks with forehand (89) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (83): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — the net game is still more obligation than weapon. serve (80) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Francisco's ceiling jumps a tier.

Alex Michelsen

Flat-ball fast learner

Year born 2004	Location Aliso Viejo, United States	Height 193 cm (6'4")
Years on tour 3	Nationality United States	Hand Right
Current rank No. 27	Last year rank No. 44	Turned pro 2023

TOP 5 TOURNAMENT FINISHES

- Newport F 2023
- Newport F 2024
- Winston-Salem SF 2024
- Dallas SF 2025
- Los Cabos F 2026

FUN FACT

Michelsen originally committed to Georgia before his quick ATP rise made turning professional the obvious call.

BEST STRENGTHS

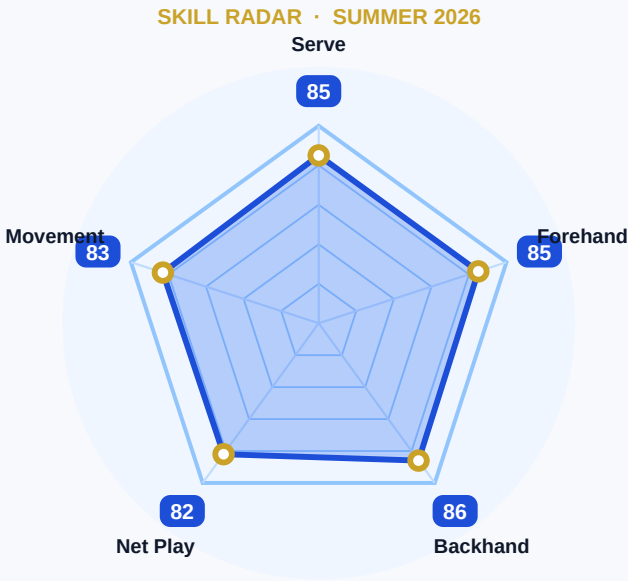

Stat Man's read: Alex's flat-ball fast learner game peaks with backhand (85) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is forehand (84): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (77) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (82) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Alex's ceiling jumps a tier.

Sebastian Korda

Smooth timing baseliner

Year born 2000	Location Bradenton, United States	Height 196 cm (6'5")
Years on tour 8	Nationality United States	Hand Right
Current rank No. 28	Last year rank No. 24	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Parma W 2021
- Australian Open QF 2023
- Washington SF 2024
- Adelaide F 2024
- Eastbourne W 2026

FUN FACT

His father, Petr Korda, won the Australian Open, while his sisters Jessica and Nelly became LPGA stars.

BEST STRENGTHS

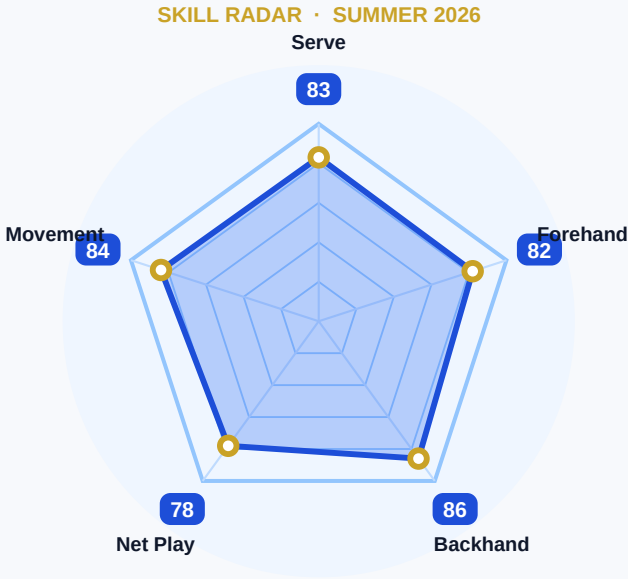

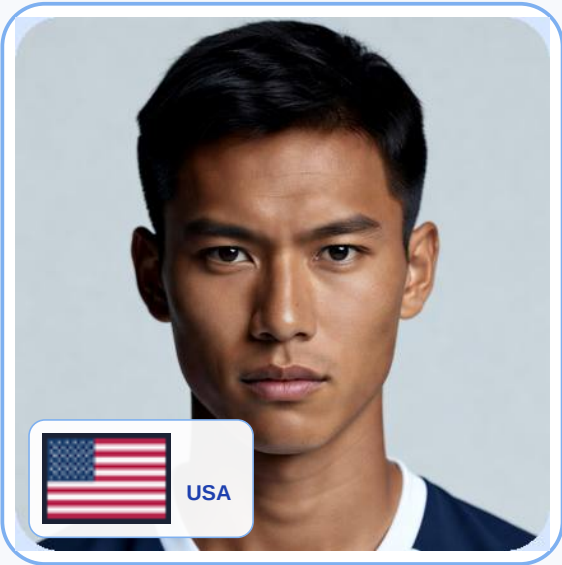

Stat Man's read: Sebastian's smooth timing baseliner game peaks with backhand (86) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is forehand (86): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (80) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (81) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Sebastian's ceiling jumps a tier.

Brandon Nakashima

Calm pattern executor

Year born 2001	Location San Diego, United States	Height 188 cm (6'2")
Years on tour 7	Nationality United States	Hand Right
Current rank No. 29	Last year rank No. 48	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Next Gen Finals W 2022
- San Diego W 2022
- Wimbledon R16 2024
- Atlanta F 2025
- Delray Beach SF 2026

FUN FACT

Nakashima's understated tempo can make even tight service games look like practice-court repetitions.

BEST STRENGTHS

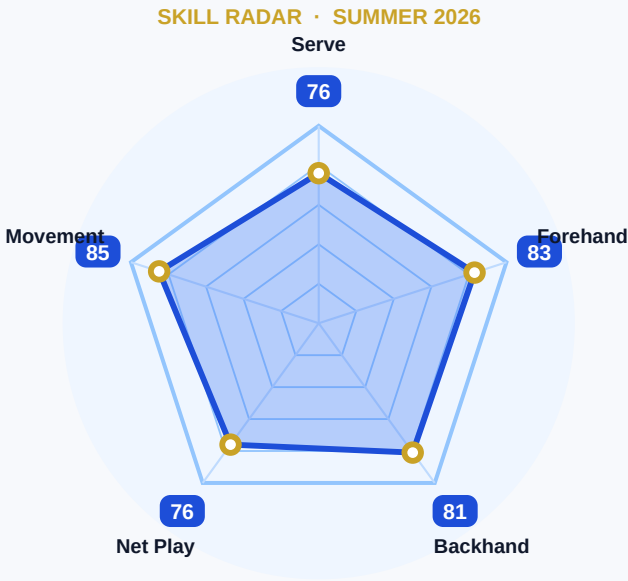

Stat Man's read: Brandon's calm pattern executor game peaks with backhand (86) — two-wing stability starts with a backhand that holds under heat. Secondary edge is forehand (83): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (76) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (82) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Brandon's ceiling jumps a tier.

Pedro Martinez

Clay-court problem solver

Year born 1997	Location Alzira, Spain	Height 185 cm (6'1")
Years on tour 10	Nationality Spain	Hand Right
Current rank No. 30	Last year rank No. 42	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Santiago W 2022
- Estoril F 2024
- Hamburg SF 2024
- Kitzbuhel F 2025
- Gstaad W 2026

FUN FACT

Martinez has built much of his ranking damage by turning clay weeks into physical, tactical marathons.

BEST STRENGTHS

Stat Man's read: Pedro's clay-court problem solver game peaks with movement (84) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (83): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

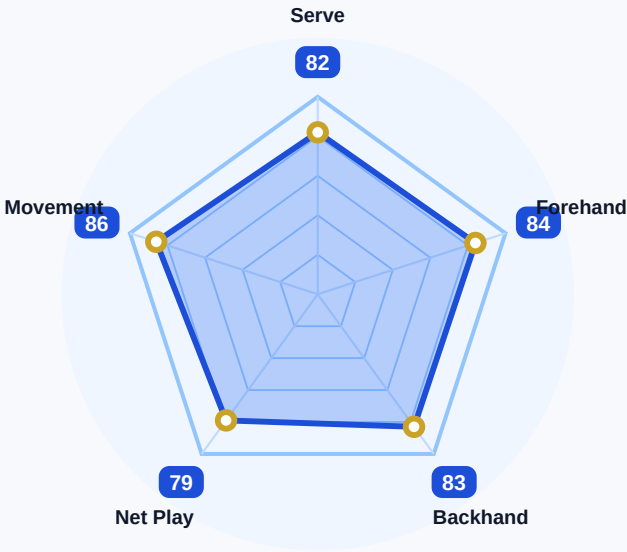

The soft spots: net play (75) is the first door opponents knock on — the net game is still more obligation than weapon. serve (76) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Pedro's ceiling jumps a tier.

Zizou Bergs

Energetic baseline scrapper

SKILL RADAR · SUMMER 2026

Year born 1999	Location Lommel, Belgium	Height 185 cm (6'1")
Years on tour 8	Nationality Belgium	Hand Right
Current rank No. 31	Last year rank No. 62	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Roland Garros R32 2024
- Antwerp SF 2024
- Auckland F 2025
- Rome R16 2026
- Halle QF 2026

FUN FACT

He is named after French football legend Zinedine Zidane, whose nickname was Zizou.

BEST STRENGTHS

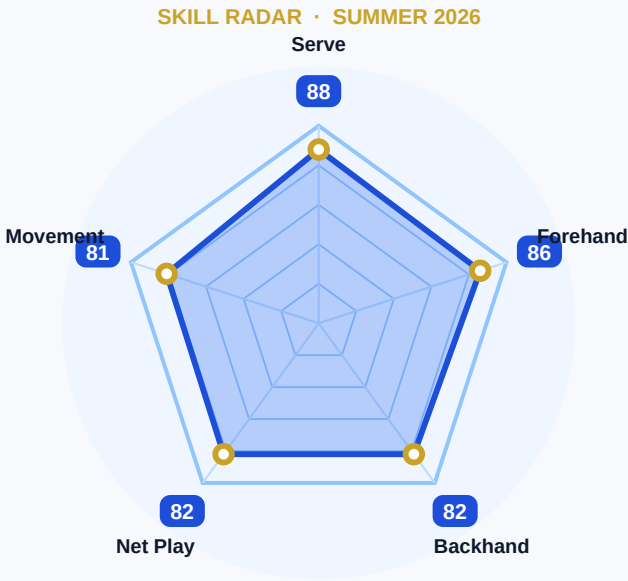

Stat Man's read: Zizou's energetic baseline scrapper game peaks with movement (85) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (84): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (77) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. backhand (81) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Zizou's ceiling jumps a tier.

Alexei Popyrin

Serve-forehand shotmaker

Year born 1999	Location Sydney, Australia	Height 196 cm (6'5")
Years on tour 9	Nationality Australia	Hand Right
Current rank No. 32	Last year rank No. 28	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Singapore W 2021
- Umag W 2023
- Montreal W 2024
- US Open R16 2024
- Adelaide SF 2026

FUN FACT

Popyrin spent parts of his childhood in Dubai and Spain, giving his development a very international path.

BEST STRENGTHS

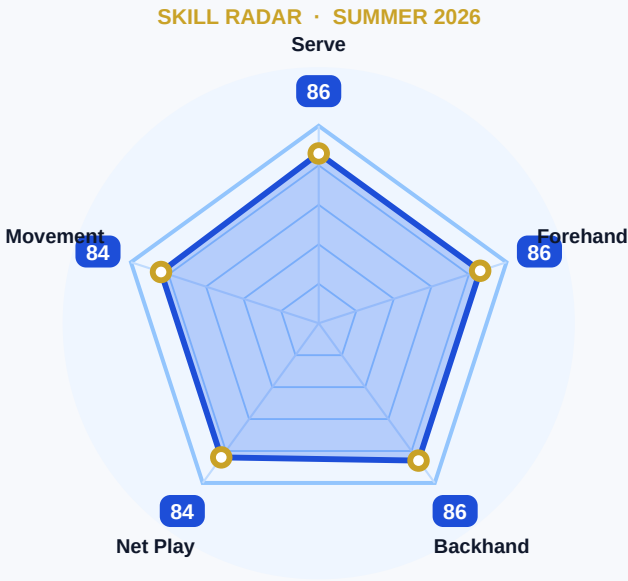

Stat Man's read: Alexei's serve-forehand shotmaker game peaks with serve (88) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (86): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (76) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (78) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Alexei's ceiling jumps a tier.

Denis Shapovalov

Lefty one-hand bomber

Year born 1999	Location Richmond Hill, Canada	Height 185 cm (6'1")
Years on tour 9	Nationality Canada	Hand Left
Current rank No. 33	Last year rank No. 70	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Stockholm W 2019
- Wimbledon SF 2021
- Dallas W 2025
- Belgrade W 2024
- Queen's Club QF 2026

FUN FACT

Shapovalov's leaping one-handed backhand re- mains one of the tour's most recognizable signature shots.

BEST STRENGTHS

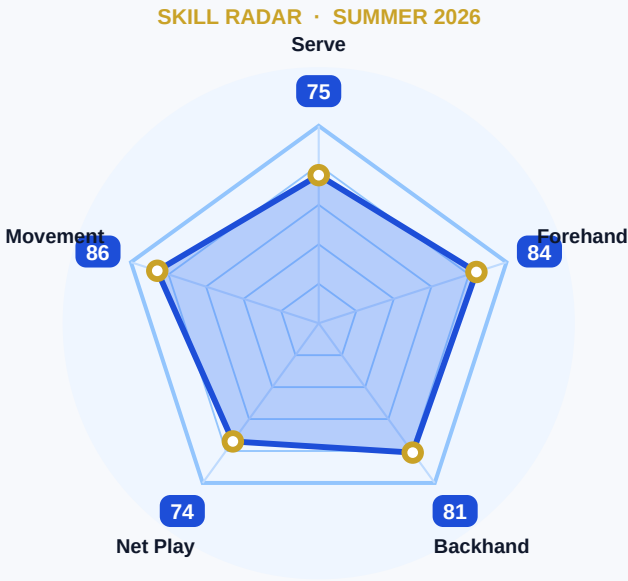

Stat Man's read: Denis's lefty one-hand bomber game peaks with forehand (87) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is backhand (86): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (82) is the first door opponents knock on — the net game is still more obligation than weapon. movement (82) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Denis's ceiling jumps a tier.

Camilo Ugo Carabelli

Clay-court endurance grinder

Year born 1999	Location Buenos Aires, Argentina	Height 185 cm (6'1")
Years on tour 10	Nationality Argentina	Hand Right
Current rank No. 34	Last year rank No. 96	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Santiago SF 2025
- Buenos Aires QF 2025
- Rio QF 2026
- Cordoba F 2026
- Roland Garros R16 2026

FUN FACT

His double surname traces his Italian family her- itage while he has always represented Argentina.

BEST STRENGTHS

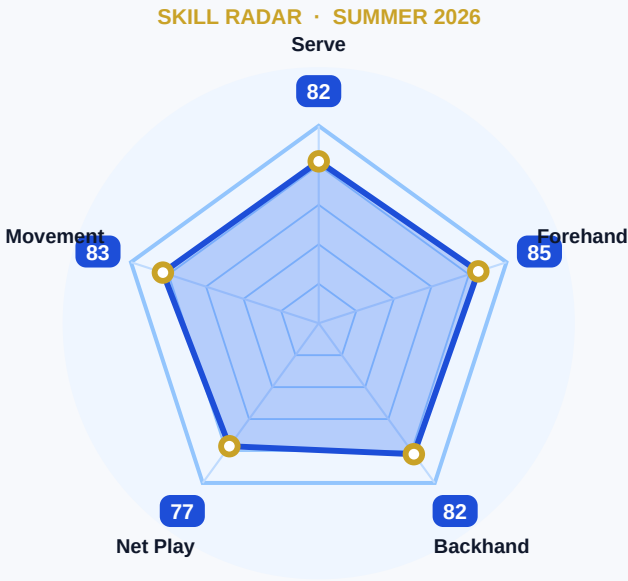

Stat Man's read: Camilo's clay-court endurance grinder game peaks with movement (85) — elite recovery steps turn defense into the next offensive ball. Secondary edge is forehand (84): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (72) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (75) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Camilo's ceiling jumps a tier.

Tomas Martin Etcheverry

Tall clay baseliner

Year born 1999	Location La Plata, Argentina	Height 196 cm (6'5")
Years on tour 9	Nationality Argentina	Hand Right
Current rank No. 35	Last year rank No. 31	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Santiago F 2023
- Roland Garros QF 2023
- Houston F 2024
- Lyon F 2024
- Geneva SF 2026

FUN FACT

Etcheverry wears No. 9 on some gear as a nod to his love of football strikers.

BEST STRENGTHS

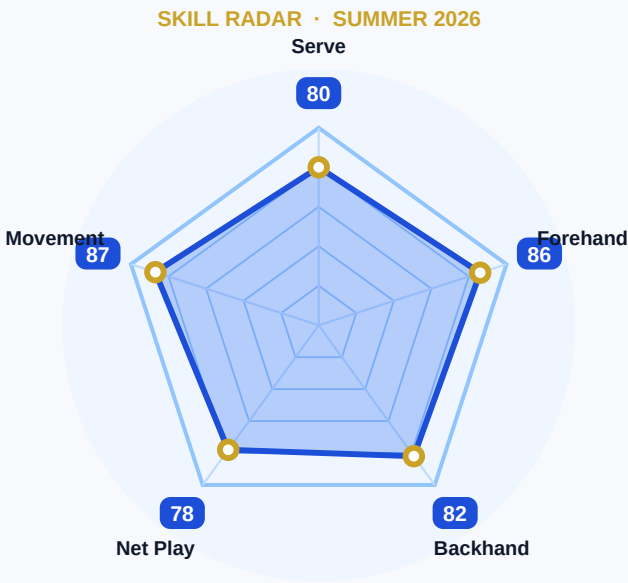

Stat Man's read: Tomas's tall clay baseliner game peaks with forehand (86) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is serve (82): the first serve buys free points and shortens every service game. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (80) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Tomas's ceiling jumps a tier.

Flavio Cobolli

Fearless forehand runner

Year born 2002	Location Florence, Italy	Height 183 cm (6'0")
Years on tour 6	Nationality Italy	Hand Right
Current rank No. 36	Last year rank No. 49	Turned pro 2020

TOP 5 TOURNAMENT FINISHES

- Washington F 2024
- Geneva SF 2024
- Bucharest W 2025
- Hamburg QF 2026
- Rome R16 2026

FUN FACT

Cobolli has often credited Italy's deep Davis Cup-era practice rooms for sharpening his week-to-week level.

BEST STRENGTHS

Stat Man's read: Flavio's fearless forehand runner game peaks with forehand (86) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (86): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

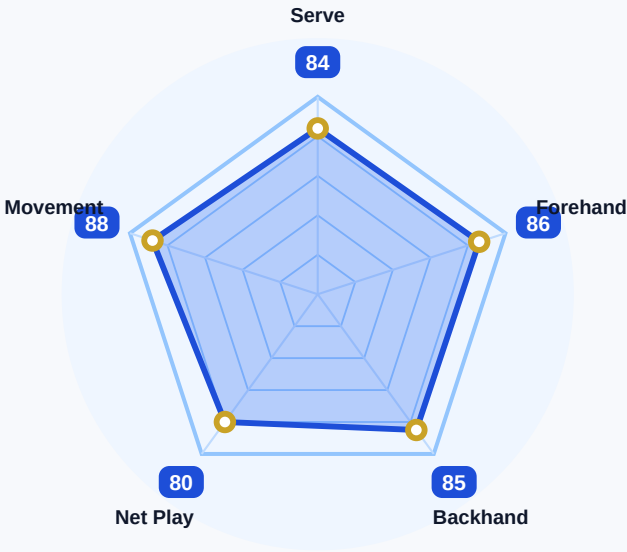

The soft spots: net play (76) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (80) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Flavio's ceiling jumps a tier.

Arthur Cazaux

Explosive counterpuncher

SKILL RADAR · SUMMER 2026

Year born 2002	Location Montpellier, France	Height 183 cm (6'0")
Years on tour 6	Nationality France	Hand Right
Current rank No. 37	Last year rank No. 78	Turned pro 2020

TOP 5 TOURNAMENT FINISHES

- Australian Open R16 2024
- Montpellier QF 2024
- Paris Masters R16 2025
- Lyon F 2026
- Wimbledon R16 2026

FUN FACT

Cazaux announced himself to casual fans with a fearless Australian Open run in 2024.

BEST STRENGTHS

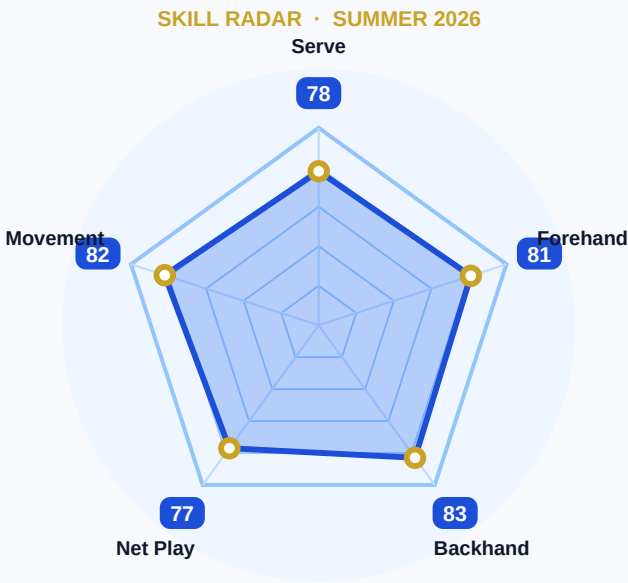

Stat Man's read: Arthur's explosive counterpuncher game peaks with movement (87) — court coverage stretches opponents into low-percentage targets. Secondary edge is forehand (85): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (77) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. backhand (82) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Arthur's ceiling jumps a tier.

Adrian Mannarino

Flat-ball rhythm thief

Year born 1988	Location Soisy-sous-Montmorency,	Height 180 cm (5'11")
Years on tour 22	Nationality France	Hand Left
Current rank No. 38	Last year rank No. 29	Turned pro 2004

TOP 5 TOURNAMENT FINISHES

- Rosmalen W 2019
- Winston-Salem W 2022
- Astana W 2023
- Newport W 2023
- Dallas QF 2026

FUN FACT

Mannarino is famous for playing with very low string tension, helping create his soft, skidding ball.

BEST STRENGTHS

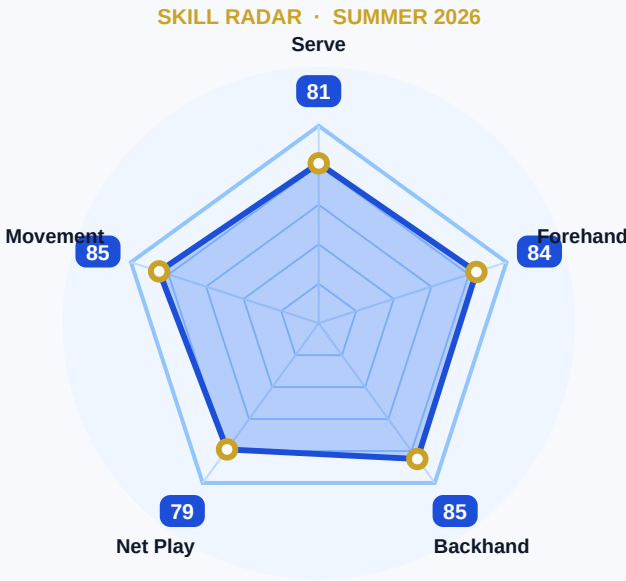

Stat Man's read: Adrian's flat-ball rhythm thief game peaks with backhand (84) — two-wing stability starts with a backhand that holds under heat. Secondary edge is forehand (82): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (77) is the first door opponents knock on — the net game is still more obligation than weapon. serve (78) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Adrian's ceiling jumps a tier.

Tomas Machac

Early-ball technician

Year born 2000	Location Beroun, Czech Republic	Height 183 cm (6'0")
Years on tour 9	Nationality Czech Republic	Hand Right
Current rank No. 39	Last year rank No. 33	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Geneva F 2024
- Paris Olympics Mixed W 2024
- Miami QF 2025
- Marseille SF 2026
- Australian Open R16 2026

FUN FACT

Machac won Olympic mixed doubles gold for Czechia with Katerina Siniakova in 2024.

BEST STRENGTHS

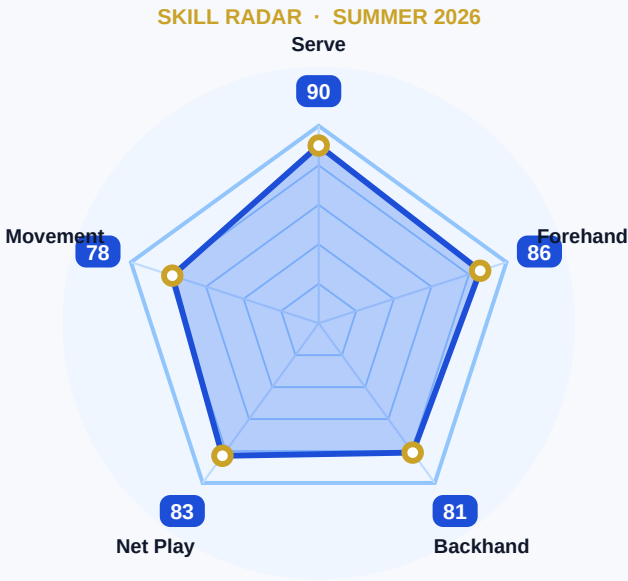

Stat Man's read: Tomas's early-ball technician game peaks with backhand (85) — down-the-line backhand changes keep baseliners honest. Secondary edge is forehand (85): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — the net game is still more obligation than weapon. serve (81) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Tomas's ceiling jumps a tier.

Nicolas Jarry

Towering clay aggressor

Year born 1995	Location Santiago, Chile	Height 201 cm (6'7")
Years on tour 12	Nationality Chile	Hand Right
Current rank No. 40	Last year rank No. 21	Turned pro 2014

TOP 5 TOURNAMENT FINISHES

- Santiago W 2023
- Geneva W 2023
- Rome F 2024
- Buenos Aires SF 2025
- Gstaad F 2026

FUN FACT

His grandfather Jaime Fillol was also a prominent Chilean tennis player and tournament director.

BEST STRENGTHS

Stat Man's read: Nicolas's towering clay aggressor game peaks with serve (90) — cheap points off the serve keep pressure on the returner all match. Secondary edge is forehand (87): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

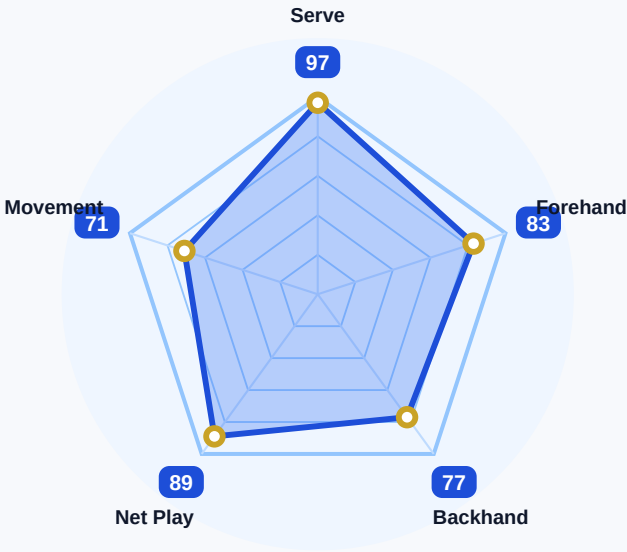

The soft spots: movement (74) is the first door opponents knock on — heavy hitters win the geography battle when legs get heavy. net play (76) is the backup plan if that fails: the net game is still more obligation than weapon. Fix either one and Nicolas's ceiling jumps a tier.

Reilly Opelka

Skyscraper serve bomber

SKILL RADAR · SUMMER 2026

Year born 1997	Location St. Joseph, United States	Height 211 cm (6'11")
Years on tour 11	Nationality United States	Hand Left
Current rank No. 41	Last year rank No. 140	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- New York W 2019
- Delray Beach W 2020
- Houston W 2022
- Dallas F 2025
- Newport SF 2026

FUN FACT

At 211 cm, Opelka is tied among the tallest players ever to compete at the top level of men's tennis.

BEST STRENGTHS

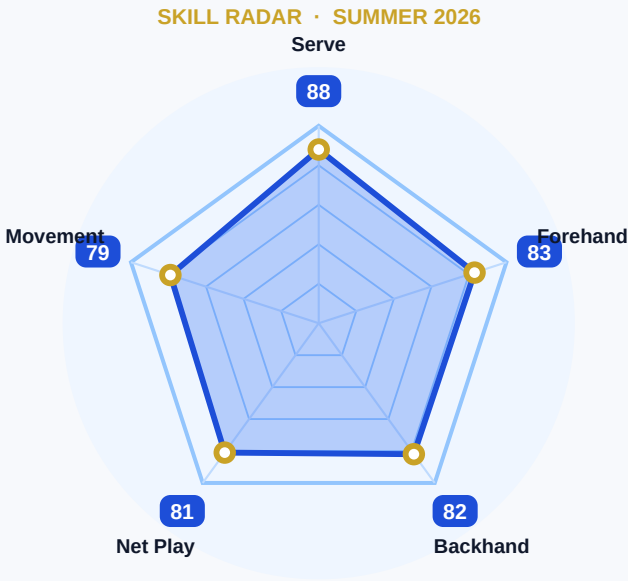

Stat Man's read: Reilly's skyscraper serve bomber game peaks with serve (97) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (82): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (68) is the first door opponents knock on — stretchers and wide serves expose recovery gaps. backhand (72) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Reilly's ceiling jumps a tier.

Quentin Halys

Big-serve shotmaker

Year born 1996	Location Bondy, France	Height 191 cm (6'3")
Years on tour 14	Nationality France	Hand Right
Current rank No. 42	Last year rank No. 92	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- Estoril SF 2023
- Gstaad F 2024
- Marseille QF 2025
- Lyon SF 2026
- Queen's Club R16 2026

FUN FACT

Halys was a junior doubles major champion before his serve pushed him up the ATP singles ladder.

BEST STRENGTHS

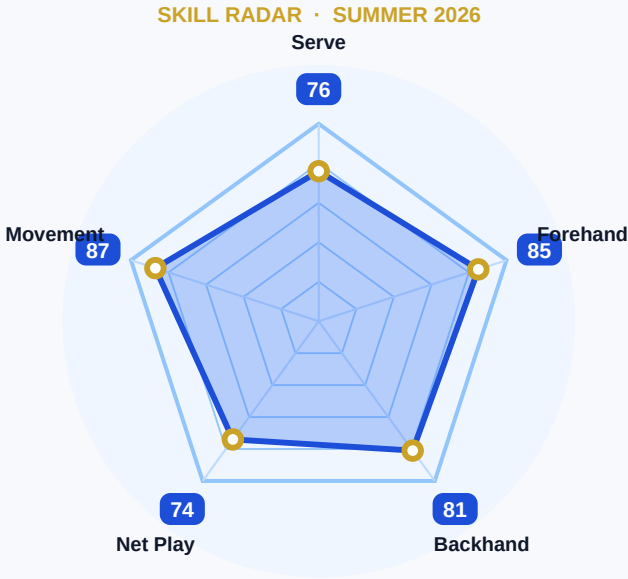

Stat Man's read: Quentin's big-serve shotmaker game peaks with serve (88) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (83): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (76) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (76) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Quentin's ceiling jumps a tier.

Francisco Comesana

Clay-court topspin worker

Year born 2000	Location Mar del Plata, Argentina	Height 178 cm (5'10")
Years on tour 8	Nationality Argentina	Hand Right
Current rank No. 43	Last year rank No. 88	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Wimbledon R32 2024
- Rio R16 2025
- Santiago F 2026
- Roland Garros R32 2026
- Cordoba SF 2026

FUN FACT

Comesana's first Grand Slam main-draw win came at Wimbledon, a surprising stage for an Argentine clay developer.

BEST STRENGTHS

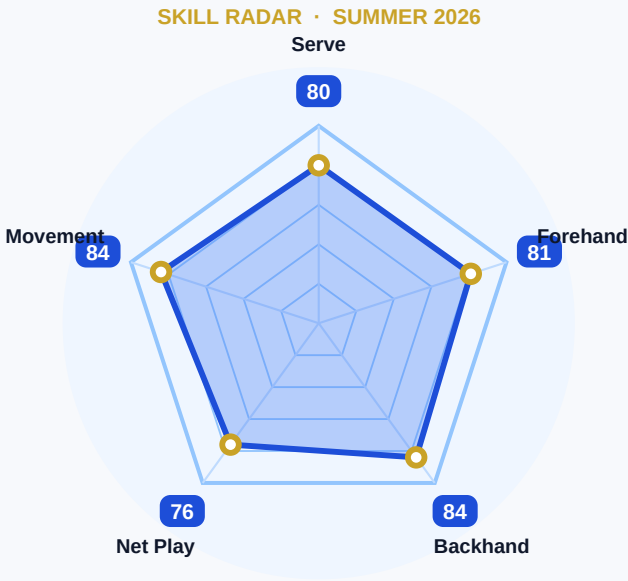

Stat Man's read: Francisco's clay-court topspin worker game peaks with forehand (85) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (85): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (72) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (76) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Francisco's ceiling jumps a tier.

Nuno Borges

Disciplined hard-court grinder

Year born 1997	Location Maia, Portugal	Height 185 cm (6'1")
Years on tour 7	Nationality Portugal	Hand Right
Current rank No. 44	Last year rank No. 39	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Australian Open R16 2024
- Bastad W 2024
- Estoril SF 2025
- Auckland QF 2026
- US Open R32 2025

FUN FACT

Borges was an NCAA standout at Mississippi State before becoming Portugal's top men's player.

BEST STRENGTHS

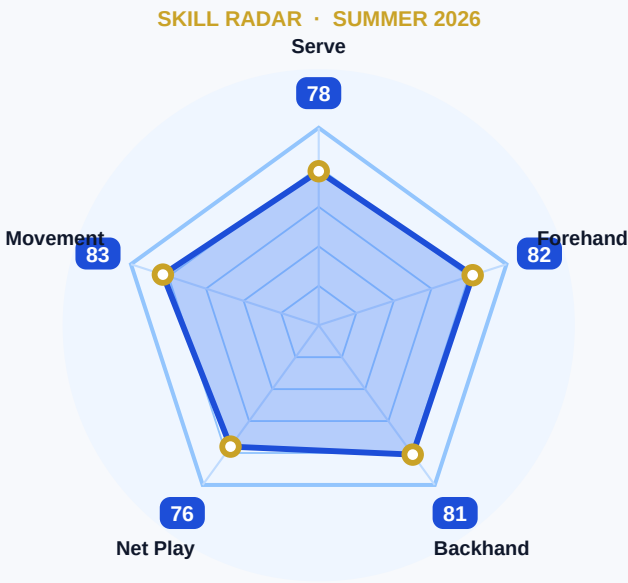

Stat Man's read: Nuno's disciplined hard-court grinder game peaks with backhand (84) — down-the-line backhand changes keep baseliners honest. Secondary edge is movement (83): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (75) is the first door opponents knock on — the net game is still more obligation than weapon. serve (80) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Nuno's ceiling jumps a tier.

Alexandre Muller

Patient baseline extender

Year born 1997	Location Poissy, France	Height 183 cm (6'0")
Years on tour 12	Nationality France	Hand Right
Current rank No. 45	Last year rank No. 66	Turned pro 2014

TOP 5 TOURNAMENT FINISHES

- Marrakech F 2023
- Hong Kong W 2025
- Doha QF 2025
- Metz SF 2025
- Lyon QF 2026

FUN FACT

Muller spent years building through Challengers before converting that patience into ATP main-tour staying power.

BEST STRENGTHS

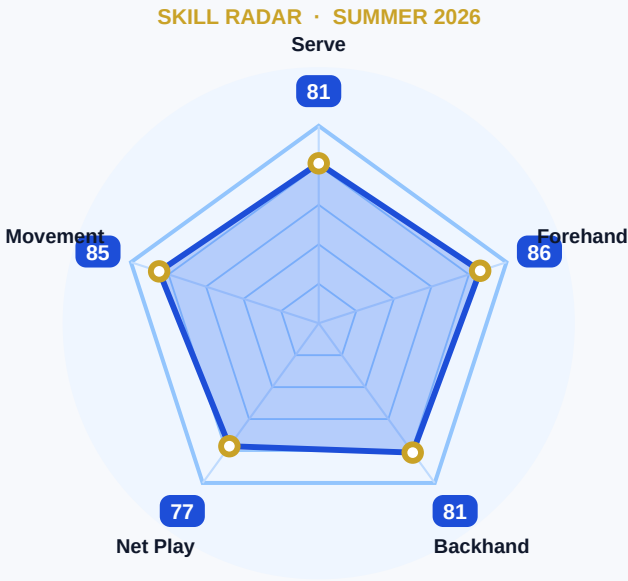

Stat Man's read: Alexandre's patient baseline extender game peaks with forehand (82) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is movement (82): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (78) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Alexandre's ceiling jumps a tier.

Luciano Darder

Clay forehand brawler

Year born 2002	Location Villa Gesell, Argentina	Height 183 cm (6'0")
Years on tour 7	Nationality Italy	Hand Right
Current rank No. 46	Last year rank No. 37	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Cordoba W 2024
- Houston SF 2024
- Umag W 2024
- Buenos Aires QF 2025
- Kitzbuhel SF 2026

FUN FACT

Darder was born in Argentina and represents Italy, a dual background that shapes his clay-court identity.

BEST STRENGTHS

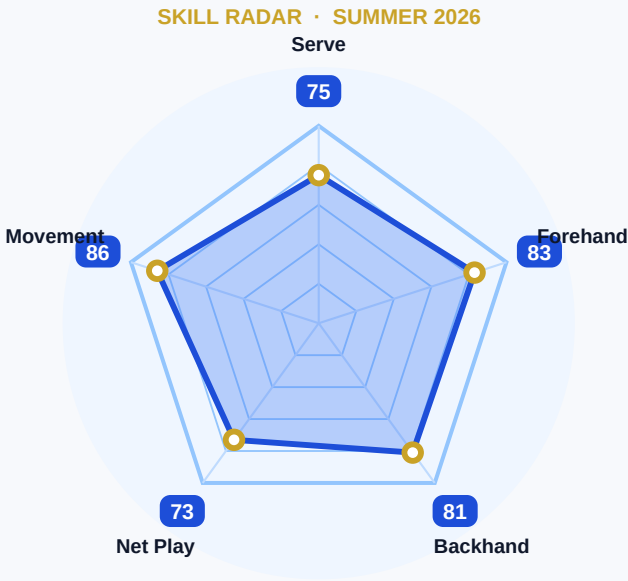

Stat Man's read: Luciano's clay forehand brawler game peaks with forehand (86) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is movement (83): court coverage stretches opponents into low-percentage targets. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. backhand (78) is the backup plan if that fails: rivals camp on the backhand corner and wait for a short ball. Fix either one and Luciano's ceiling jumps a tier.

Mariano Navone

High-margin clay grinder

Year born 2001	Location 9 de Julio, Argentina	Height 178 cm (5'10")
Years on tour 7	Nationality Argentina	Hand Right
Current rank No. 47	Last year rank No. 32	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Rio F 2024
- Bucharest F 2024
- Marrakech SF 2025
- Santiago QF 2026
- Hamburg R16 2026

FUN FACT

Navone jumped from Challenger dominance into ATP relevance so quickly that he was seeded at a major before winning a Grand Slam match.

BEST STRENGTHS

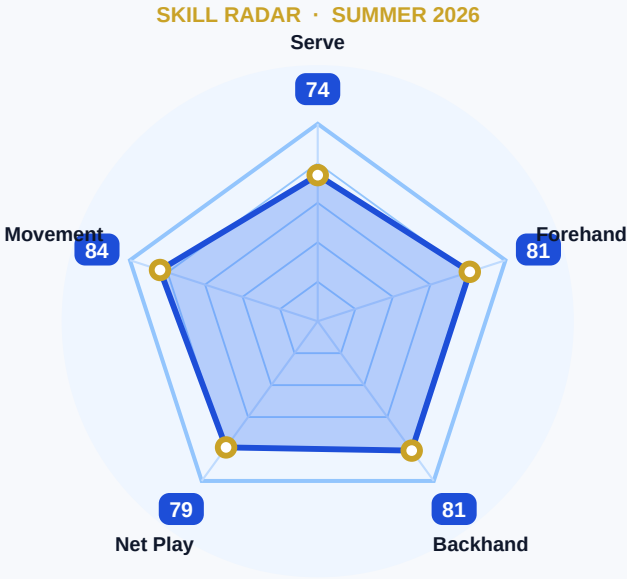

Stat Man's read: Mariano's high-margin clay grinder game peaks with forehand (84) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (84): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (71) is the first door opponents knock on — the net game is still more obligation than weapon. serve (75) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Mariano's ceiling jumps a tier.

Corentin Moutet

Lefty chaos magician

Year born 1999	Location Paris, France	Height 180 cm (5'11")
Years on tour 10	Nationality France	Hand Left
Current rank No. 48	Last year rank No. 64	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Doha F 2020
- Roland Garros R16 2024
- Santiago SF 2024
- Mallorca QF 2025
- Lyon SF 2026

FUN FACT

Moutet has released music away from tennis, which fits a game built on improvisation and rhythm changes.

BEST STRENGTHS

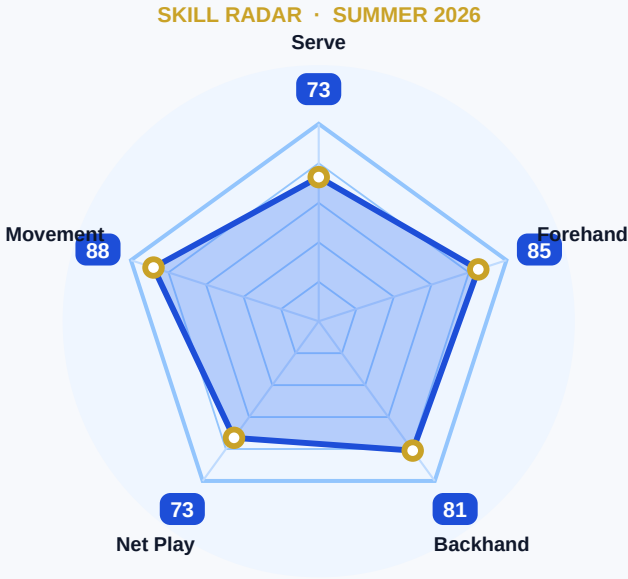

Stat Man's read: Corentin's lefty chaos magician game peaks with movement (86) — court coverage stretches opponents into low-percentage targets. Secondary edge is backhand (83): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (74) is the first door opponents knock on — returners get comfortable when free points dry up. forehand (81) is the backup plan if that fails: long exchanges expose timing cracks on the stronger wing. Fix either one and Corentin's ceiling jumps a tier.

Sebastian Baez

Compact clay terrier

Year born 2000	Location Buenos Aires, Argentina	Height 170 cm (5'7")
Years on tour 8	Nationality Argentina	Hand Right
Current rank No. 49	Last year rank No. 25	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Estoril W 2022
- Cordoba W 2023
- Rio W 2024
- Santiago W 2024
- Hamburg QF 2026

FUN FACT

Baez's low center of gravity helps him redirect heavy clay-court exchanges despite being one of the shorter ATP regulars.

BEST STRENGTHS

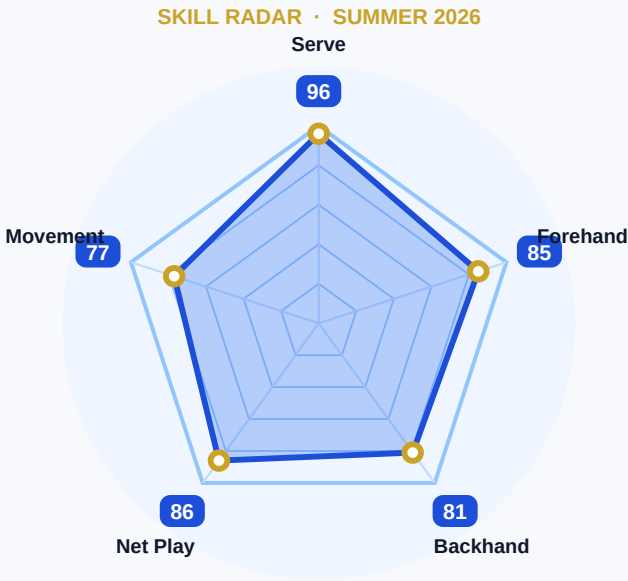

Stat Man's read: Sebastian's compact clay terrier game peaks with movement (87) — elite recovery steps turn defense into the next offensive ball. Secondary edge is forehand (85): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (72) is the first door opponents knock on — the net game is still more obligation than weapon. serve (73) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Sebastian's ceiling jumps a tier.

Giovanni Mpetshi Perricard

Serve-first thunderbolt

Year born 2003	Location Lyon, France	Height 203 cm (6'8")
Years on tour 5	Nationality France	Hand Right
Current rank No. 50	Last year rank No. 52	Turned pro 2021

TOP 5 TOURNAMENT FINISHES

- Lyon W 2024
- Basel W 2024
- Wimbledon R16 2024
- Brisbane SF 2026
- Stuttgart QF 2026

FUN FACT

His first serve routinely clears 230 kph, turning tiebreaks into a weekly feature of his match stats.

BEST STRENGTHS

Stat Man's read: Giovanni's serve-first thunderbolt game peaks with serve (96) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (84): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (73) is the first door opponents knock on — extended defensive patterns can turn into scoreboard leaks. backhand (75) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Giovanni's ceiling jumps a tier.

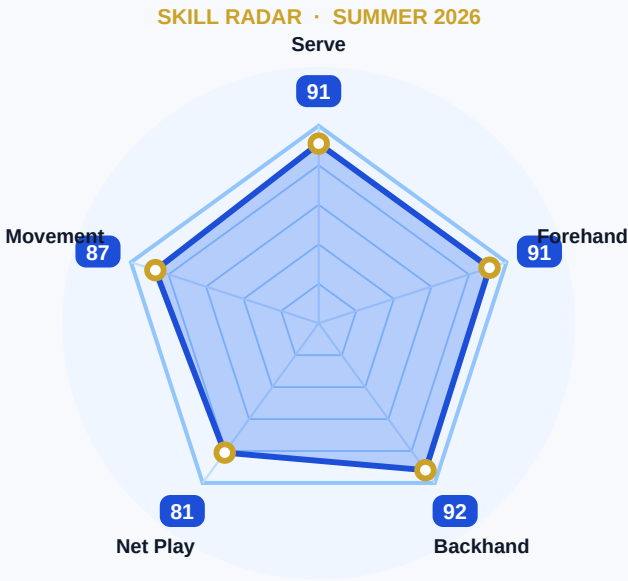

SUMMER 2026 EDITION

WTA Top 50

Ladies' singles scouting pages, ranked 1–50 for Summer 2026.

Aryna Sabalenka

Explosive first-strike baseliner with overwhelming power

Year born 1998	Location Minsk, Belarus	Height 182 cm (5'12")
Years on tour 11	Nationality Belarus	Hand Right
Current rank No. 1	Last year rank No. 1	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Australian Open champion
- US Open champion
- Roland Garros semifinal
- Wimbledon semifinal
- Madrid champion

FUN FACT

Sabalenka is known for her tiger tattoo and equally ferocious forehand.

BEST STRENGTHS

Stat Man's read: Aryna's explosive first-strike baseliner with overwhelming power game peaks with forehand (95) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is serve (93): the delivery still sets the table before the rally even starts. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

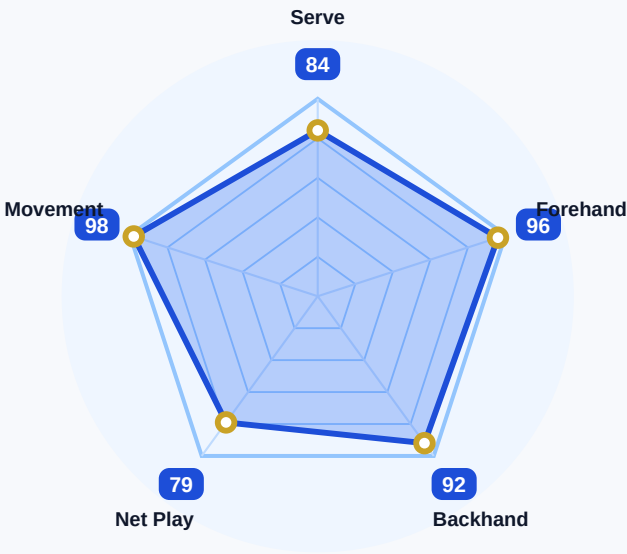

The soft spots: net play (77) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (84) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Aryna's ceiling jumps a tier.

Iga Świątek

Relentless heavy-topspin baseliner with elite court coverage

SKILL RADAR · SUMMER 2026

Year born 2001	Location Raszyn, Poland	Height 176 cm (5'9")
Years on tour 10	Nationality Poland	Hand Right
Current rank No. 2	Last year rank No. 2	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Roland Garros champion
- US Open champion
- WTA Finals champion
- Indian Wells champion
- Rome champion

FUN FACT

Świątek often reads novels between matches to reset her mind.

BEST STRENGTHS

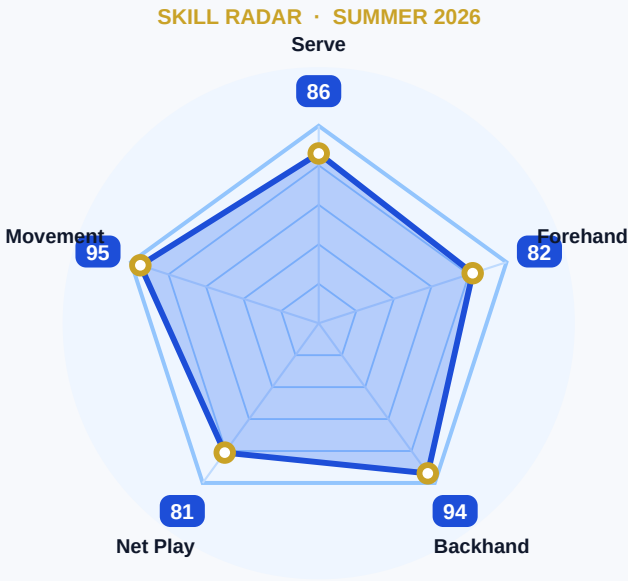

Stat Man's read: Iga's relentless heavy-topspin baseliner with elite court coverage game peaks with forehand (96) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is movement (95): court coverage stretches opponents into low-percentage targets. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (75) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (84) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Iga's ceiling jumps a tier.

Coco Gauff

Athletic counterpuncher with an elite backhand and defense

Year born 2004	Location Delray Beach, Florida, USA	Height 175 cm (5'9")
Years on tour 8	Nationality United States	Hand Right
Current rank No. 3	Last year rank No. 3	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- US Open champion
- Roland Garros finalist
- WTA Finals champion
- Cincinnati champion
- Auckland champion

FUN FACT

Gauff made her Wimbledon main-draw break-through at just 15 years old.

BEST STRENGTHS

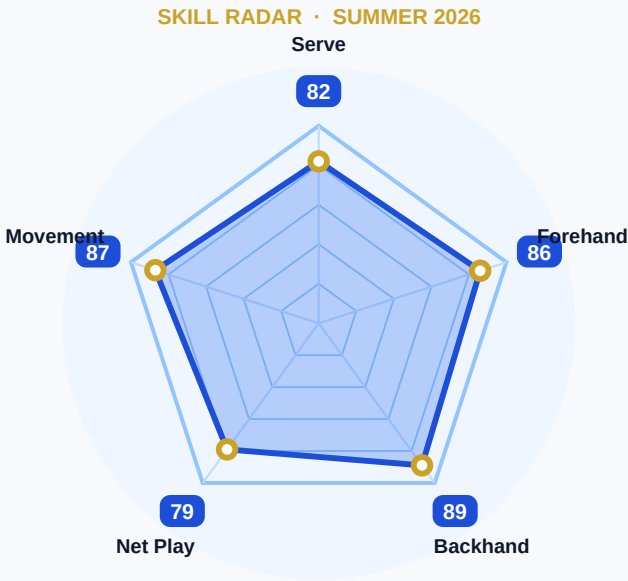

Stat Man's read: Coco's athletic counterpuncher with an elite backhand and defense game peaks with movement (97) — court coverage stretches opponents into low-percentage targets. Secondary edge is backhand (93): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: forehand (80) is the first door opponents knock on — pressure points still find the forehand misfire window. net play (82) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Coco's ceiling jumps a tier.

Jessica Pegula

Clean-striking hard-court baseliner with compact timing

Year born 1994	Location Boca Raton, Florida, USA	Height 170 cm (5'7")
Years on tour 17	Nationality United States	Hand Right
Current rank No. 4	Last year rank No. 5	Turned pro 2009

TOP 5 TOURNAMENT FINISHES

- US Open finalist
- WTA 1000 champion
- Miami semifinal
- Canadian Open champion
- Australian Open quarterfinal

FUN FACT

Pegula co-founded a skincare brand while competing at the top of the tour.

BEST STRENGTHS

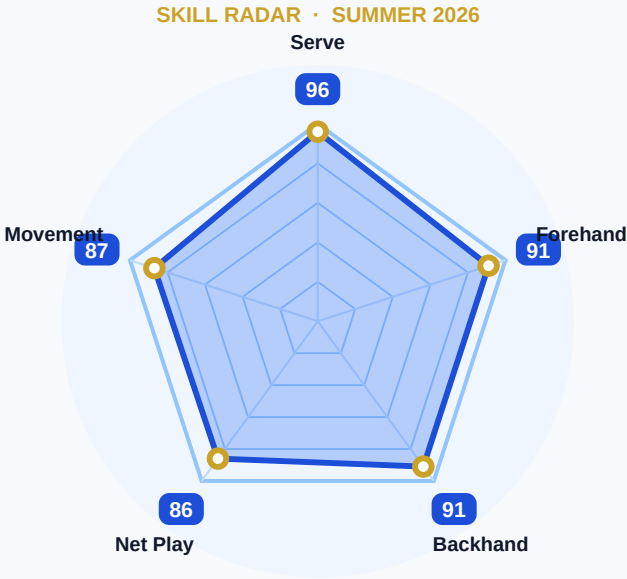

Stat Man's read: Jessica's clean-striking hard-court baseliner with compact timing game peaks with backhand (90) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is forehand (88): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (82) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Jessica's ceiling jumps a tier.

Elena Rybakina

Calm power baseliner built around a dominant first serve

Year born 1999	Location Moscow, Russia	Height 184 cm (6'0")
Years on tour 10	Nationality Kazakhstan	Hand Right
Current rank No. 5	Last year rank No. 4	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Wimbledon champion
- Australian Open finalist
- Indian Wells champion
- Rome champion
- Miami finalist

FUN FACT

Rybakina became Kazakhstan's first singles Grand Slam champion.

BEST STRENGTHS

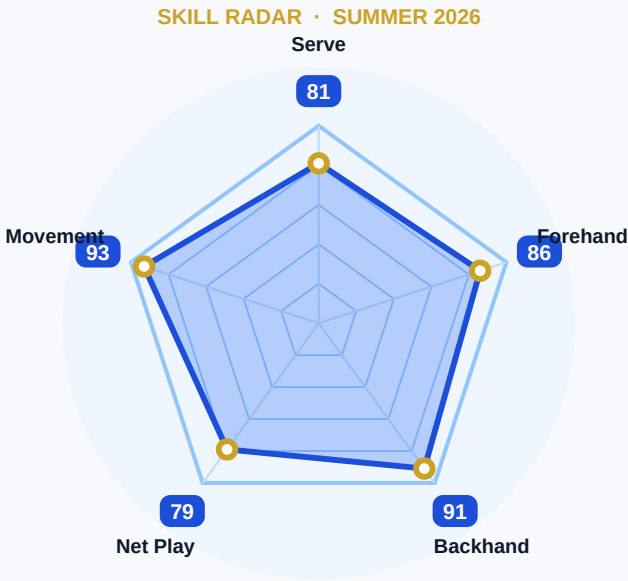

Stat Man's read: Elena's calm power baseliner built around a dominant first serve game peaks with serve (96) — the first serve buys free points and shortens every service game. Secondary edge is forehand (91): pace and shape off the forehand wing force opponents into guesswork. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (80) is the first door opponents knock on — the net game is still more obligation than weapon. movement (83) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Elena's ceiling jumps a tier.

Mirra Andreeva

Creative all-court counterpuncher with advanced anticipation

Year born 2007	Location Krasnoyarsk, Russia	Height 175 cm (5'9")
Years on tour 4	Nationality Russia	Hand Right
Current rank No. 6	Last year rank No. 24	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- Roland Garros semifinal
- WTA 1000 champion
- Wimbledon fourth round
- Australian Open fourth round
- Madrid quarterfinal

FUN FACT

Andreeva reached major second weeks before turning 18.

BEST STRENGTHS

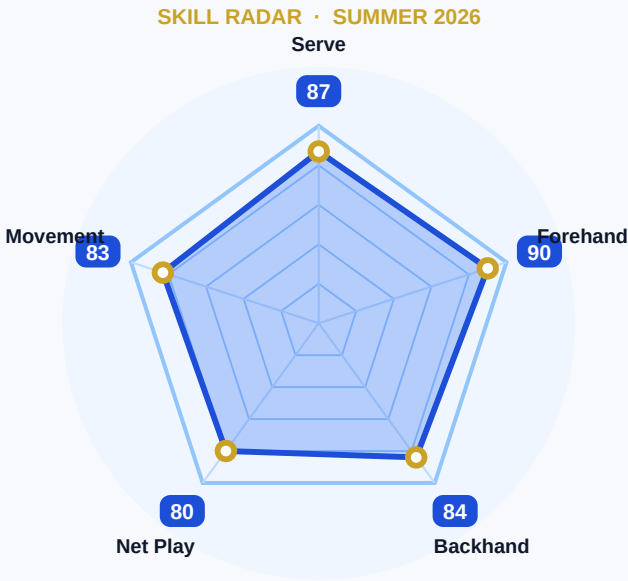

Stat Man's read: Mirra's creative all-court counterpuncher with advanced anticipation game peaks with movement (93) — footwork keeps every ball playable longer than rivals expect. Secondary edge is backhand (92): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (79) is the first door opponents knock on — the net game is still more obligation than weapon. serve (81) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Mirra's ceiling jumps a tier.

Madison Keys

High-octane shotmaker with a huge serve and forehand

Year born 1995	Location Rock Island, Illinois, USA	Height 178 cm (5'10")
Years on tour 17	Nationality United States	Hand Right
Current rank No. 7	Last year rank No. 13	Turned pro 2009

TOP 5 TOURNAMENT FINISHES

- Australian Open champion
- US Open finalist
- Roland Garros semifinal
- Wimbledon quarterfinal
- Adelaide champion

FUN FACT

Keys has been a tour-level power threat since her teenage seasons.

BEST STRENGTHS

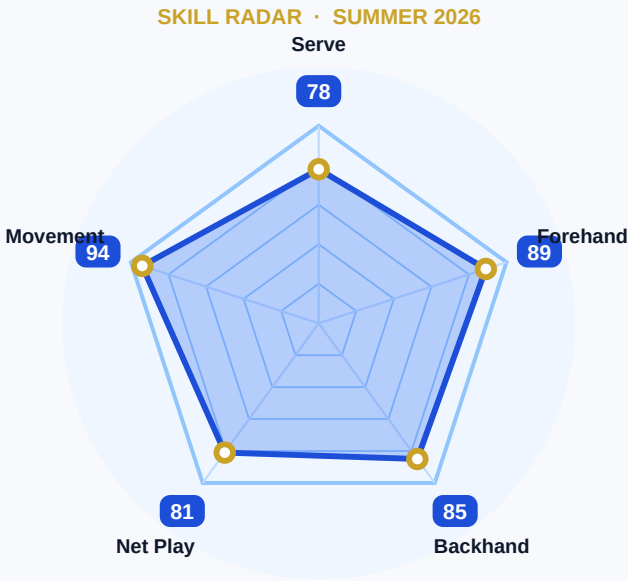

Stat Man's read: Madison's high-octane shotmaker with a huge serve and forehand game peaks with forehand (94) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is serve (90): the first serve buys free points and shortens every service game. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (76) is the first door opponents knock on — the net game is still more obligation than weapon. movement (80) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Madison's ceiling jumps a tier.

Jasmine Paolini

Energetic all-court mover with sharp forehand acceleration

Year born 1996	Location Castelnuovo di Garfagnana,	Height 163 cm (5'4")
Years on tour 15	Nationality Italy	Hand Right
Current rank No. 8	Last year rank No. 7	Turned pro 2011

TOP 5 TOURNAMENT FINISHES

- Roland Garros finalist
- Wimbledon finalist
- Dubai champion
- Olympic doubles gold
- BJK Cup champion

FUN FACT

Paolini's 2024 surge made her a Grand Slam finalist on clay and grass.

BEST STRENGTHS

Stat Man's read: Jasmine's energetic all-court mover with sharp forehand acceleration game peaks with movement (94) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (89): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

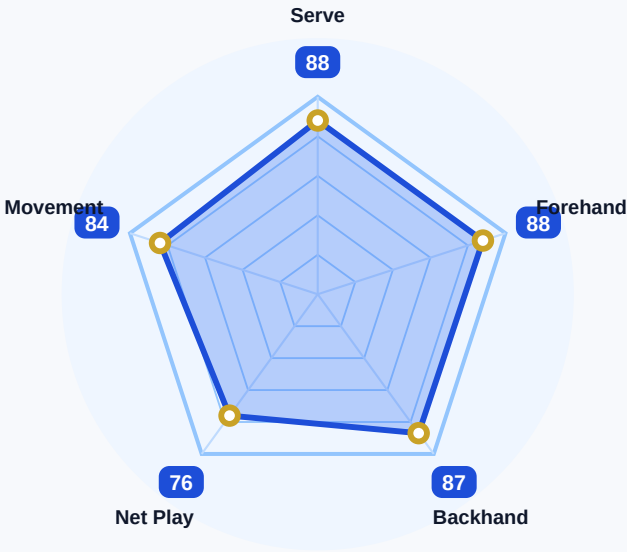

The soft spots: serve (78) is the first door opponents knock on — returners get comfortable when free points dry up. net play (81) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Jasmine's ceiling jumps a tier.

Naomi Osaka

Explosive hard-court attacker with elite serve and forehand power

SKILL RADAR · SUMMER 2026

Year born 1997	Location Osaka, Japan	Height 180 cm (5'11")
Years on tour 13	Nationality Japan	Hand Right
Current rank No. 9	Last year rank No. 57	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Australian Open champion
- US Open champion
- Indian Wells champion
- Miami finalist
- Beijing champion

FUN FACT

Osaka has won all four of her first four Grand Slam finals.

BEST STRENGTHS

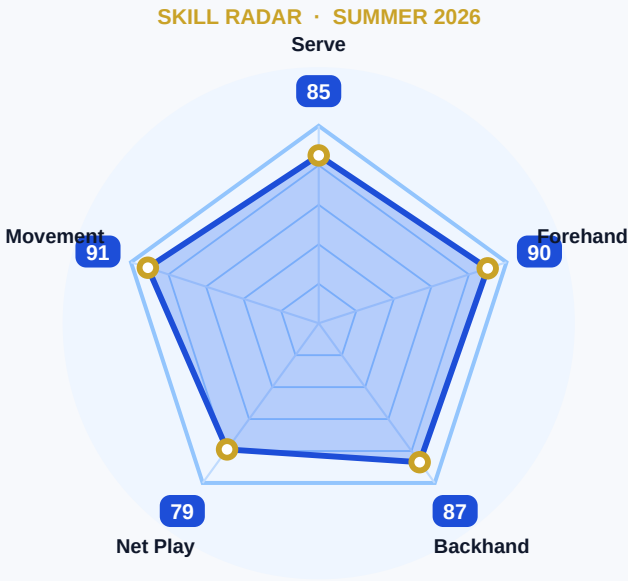

Stat Man's read: Naomi's explosive hard-court attacker with elite serve and forehand power game peaks with forehand (93) — the forehand is the finishing hammer once the court opens up. Secondary edge is serve (92): cheap points off the serve keep pressure on the returner all match. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (70) is the first door opponents knock on — the net game is still more obligation than weapon. movement (81) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Naomi's ceiling jumps a tier.

Paula Badosa

Aggressive baseliner with balanced power and heavy topspin

Year born 1997	Location New York, New York, USA	Height 180 cm (5'11")
Years on tour 11	Nationality Spain	Hand Right
Current rank No. 10	Last year rank No. 65	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Indian Wells champion
- Australian Open semifinal
- Madrid semifinal
- US Open quarterfinal
- Sydney champion

FUN FACT

Badosa was born in New York and represents Spain on tour.

BEST STRENGTHS

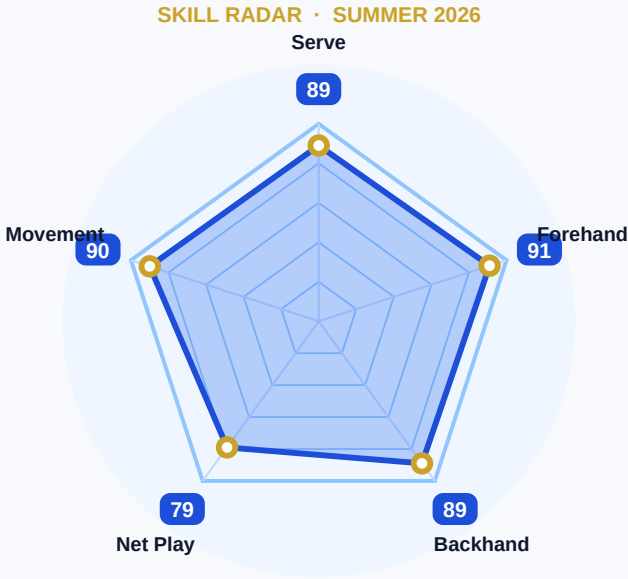

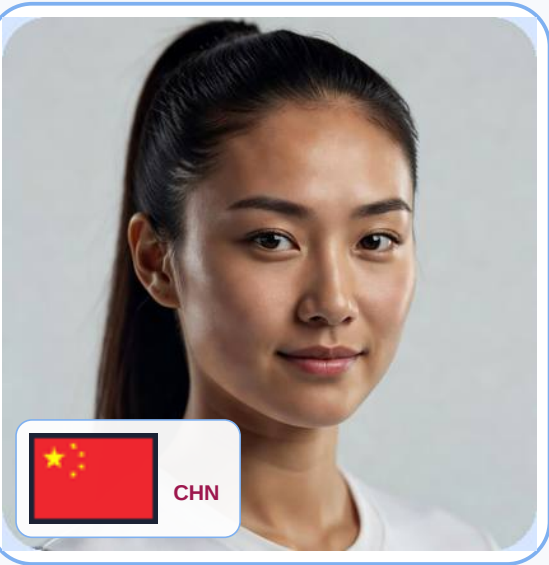

Stat Man's read: Paula's aggressive baseliner with balanced power and heavy topspin game peaks with forehand (90) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is movement (88): elite recovery steps turn defense into the next offensive ball. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — the net game is still more obligation than weapon. backhand (84) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Paula's ceiling jumps a tier.

Qinwen Zheng

Heavy-hitting baseliner with a booming serve and forehand

Year born 2002	Location Shiyan, China	Height 178 cm (5'10")
Years on tour 8	Nationality China	Hand Right
Current rank No. 11	Last year rank No. 8	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Australian Open finalist
- Olympic singles gold
- Zhengzhou champion
- Palermo champion
- WTA Finals runner-up

FUN FACT

Zheng became China's first Olympic singles gold medalist in tennis.

BEST STRENGTHS

Stat Man's read: Qinwen's heavy-hitting baseliner with a booming serve and forehand game peaks with forehand (91) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is serve (89): the first serve buys free points and shortens every service game. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

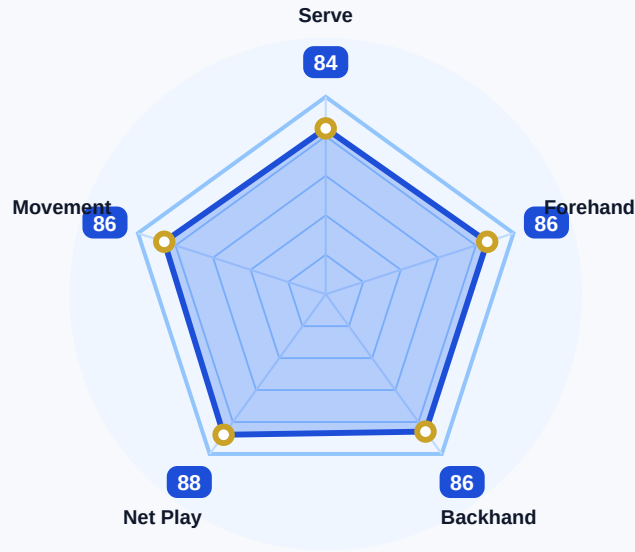

The soft spots: net play (72) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. backhand (84) is the backup plan if that fails: rivals camp on the backhand corner and wait for a short ball. Fix either one and Qinwen's ceiling jumps a tier.

Karolina Muchova

Varied all-court technician with touch and smart transitions

SKILL RADAR · SUMMER 2026

Year born 1996	Location Olomouc, Czech Republic	Height 180 cm (5'11")
Years on tour 13	Nationality Czech Republic	Hand Right
Current rank No. 12	Last year rank No. 35	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Roland Garros finalist
- US Open semifinal
- Australian Open semifinal
- Cincinnati finalist
- Korea Open champion

FUN FACT

Muchova grew up admiring Roger Federer's all-court variety.

BEST STRENGTHS

Stat Man's read: Karolina's varied all-court technician with touch and smart transitions game peaks with net play (91) — forward court instincts finish points before rallies get messy. Secondary edge is backhand (88): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

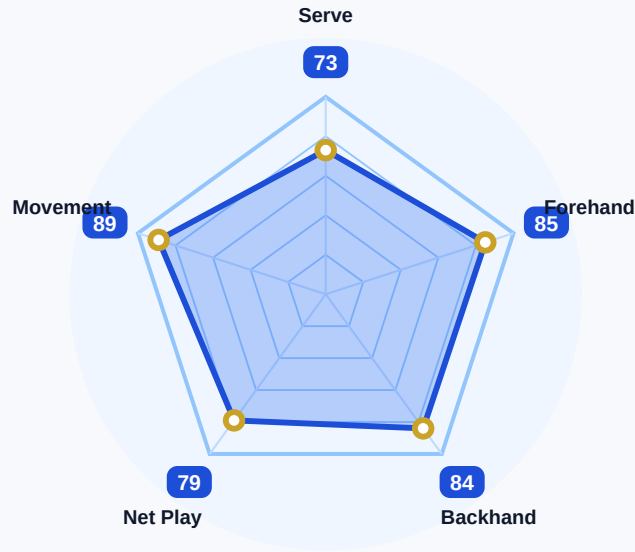

The soft spots: serve (84) is the first door opponents knock on — when the first-serve percentage dips, holds become grinders. forehand (86) is the backup plan if that fails: the forehand leaks errors when rushed off the back foot. Fix either one and Karolina's ceiling jumps a tier.

Daria Kasatkina

Crafty counterpuncher with spin, angles, and point variety

SKILL RADAR · SUMMER 2026

Year born 1997	Location Tolyatti, Russia	Height 170 cm (5'7")
Years on tour 12	Nationality Russia	Hand Right
Current rank No. 13	Last year rank No. 12	Turned pro 2014

TOP 5 TOURNAMENT FINISHES

- Roland Garros semifinal
- WTA Finals semifinal
- San Jose champion
- Charleston champion
- Eastbourne champion

FUN FACT

Kasatkina's creativity often turns neutral rallies into chess matches.

BEST STRENGTHS

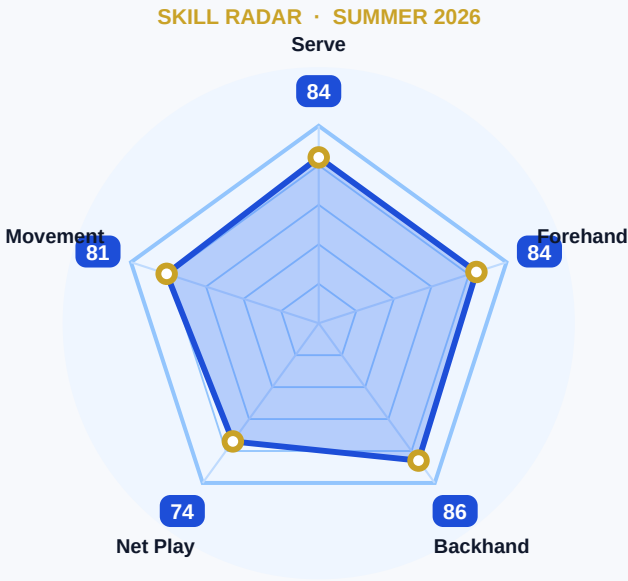

Stat Man's read: Daria's crafty counterpuncher with spin, angles, and point variety game peaks with movement (91) — elite recovery steps turn defense into the next offensive ball. Secondary edge is backhand (86): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (73) is the first door opponents knock on — second-serve looks can sit up and invite first-strike returns. net play (82) is the backup plan if that fails: points that should be finished at net get replayed from the baseline. Fix either one and Daria's ceiling jumps a tier.

Clara Tauson

Big-hitting indoor threat with direct baseline offense

Year born 2002	Location Copenhagen, Denmark	Height 182 cm (5'12")
Years on tour 7	Nationality Denmark	Hand Right
Current rank No. 14	Last year rank No. 72	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Luxembourg champion
- Lyon champion
- Auckland champion
- Australian Open fourth round
- Dubai quarterfinal

FUN FACT

Tauson was a junior Australian Open champion before her WTA rise.

BEST STRENGTHS

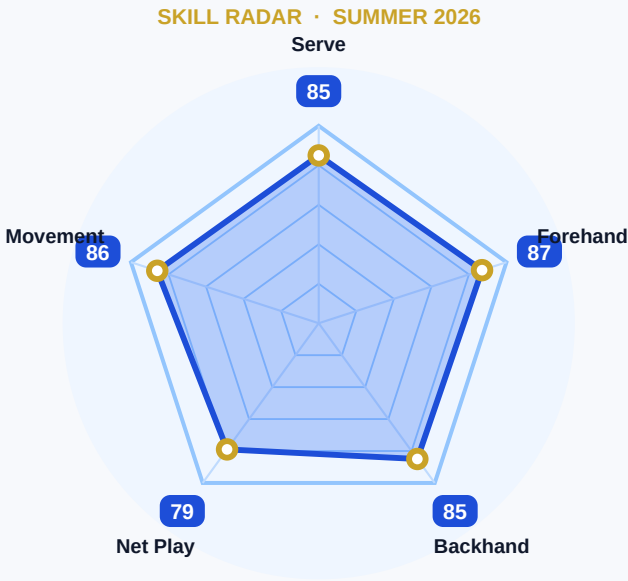

Stat Man's read: Clara's big-hitting indoor threat with direct baseline offense game peaks with forehand (88) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is backhand (87): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (70) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (78) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Clara's ceiling jumps a tier.

Donna Vekic

Flat-hitting attacker with a dangerous first serve

Year born 1996	Location Osijek, Croatia	Height 179 cm (5'10")
Years on tour 14	Nationality Croatia	Hand Right
Current rank No. 15	Last year rank No. 21	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- Wimbledon semifinal
- Olympic silver medal
- Nottingham champion
- Monterrey champion
- Australian Open quarterfinal

FUN FACT

Vekic launched a candle business while maintain- ing a top tour career.

BEST STRENGTHS

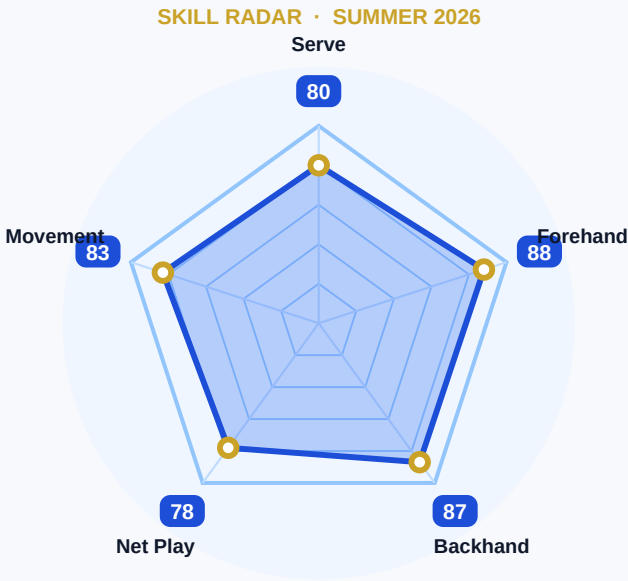

Stat Man's read: Donna's flat-hitting attacker with a dangerous first serve game peaks with forehand (87) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is serve (85): the delivery still sets the table before the rally even starts. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. backhand (82) is the backup plan if that fails: rivals camp on the backhand corner and wait for a short ball. Fix either one and Donna's ceiling jumps a tier.

Jelena Ostapenko

Ultra-aggressive ball striker who attacks every short ball

Year born 1997	Location Riga, Latvia	Height 177 cm (5'10")
Years on tour 14	Nationality Latvia	Hand Right
Current rank No. 16	Last year rank No. 11	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- Roland Garros champion
- Wimbledon semifinal
- Dubai champion
- Eastbourne champion
- Adelaide champion

FUN FACT

Ostapenko won Roland Garros with fearless winners from both wings.

BEST STRENGTHS

Stat Man's read: Jelena's ultra-aggressive ball striker who attacks every short ball game peaks with forehand (92) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is backhand (90): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

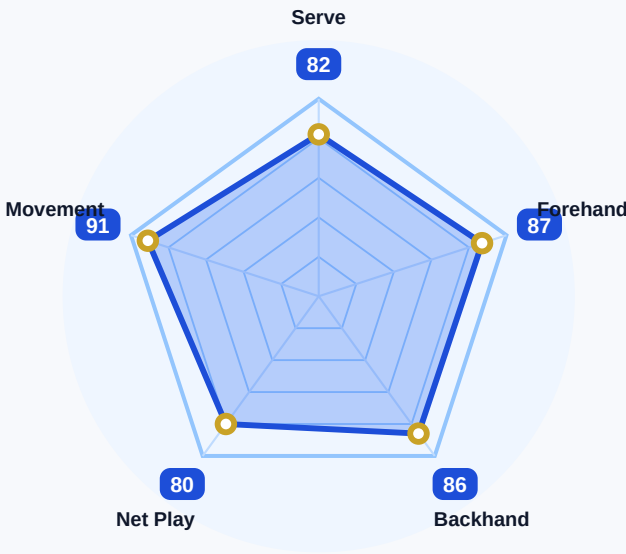

The soft spots: net play (76) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (79) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Jelena's ceiling jumps a tier.

Marta Kostyuk

Athletic first-strike baseliner with quick changes of direction

SKILL RADAR · SUMMER 2026

Year born 2002	Location Kyiv, Ukraine	Height 175 cm (5'9")
Years on tour 8	Nationality Ukraine	Hand Right
Current rank No. 17	Last year rank No. 19	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Austin champion
- Australian Open quarterfinal
- San Diego finalist
- Roland Garros fourth round
- Wimbledon third round

FUN FACT

Kostyuk won her first WTA title in Austin without dropping a set.

BEST STRENGTHS

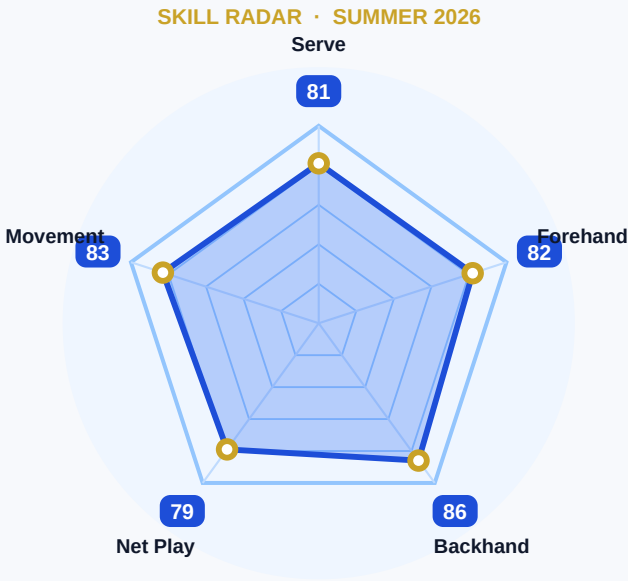

Stat Man's read: Marta's athletic first-strike baseliner with quick changes of direction game peaks with movement (90) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (86): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — the net game is still more obligation than weapon. serve (82) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Marta's ceiling jumps a tier.

Victoria Azarenka

Aggressive returner with early timing and two-handed control

Year born 1989	Location Minsk, Belarus	Height 183 cm (6'0")
Years on tour 23	Nationality Belarus	Hand Right
Current rank No. 18	Last year rank No. 20	Turned pro 2003

TOP 5 TOURNAMENT FINISHES

- Australian Open champion
- US Open finalist
- Miami champion
- Indian Wells champion
- Olympic bronze medal

FUN FACT

Azarenka has held both singles and doubles world number one rankings.

BEST STRENGTHS

Stat Man's read: Victoria's aggressive returner with early timing and two-handed control game peaks with backhand (88) — down-the-line backhand changes keep baseliners honest. Secondary edge is forehand (84): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

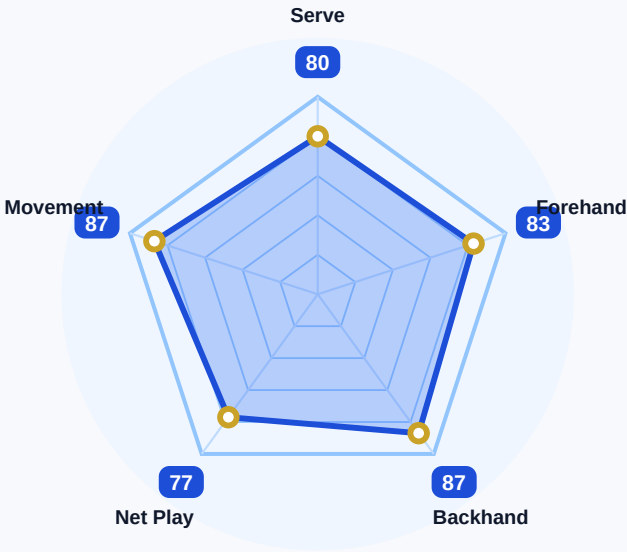

The soft spots: net play (79) is the first door opponents knock on — the net game is still more obligation than weapon. serve (81) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Victoria's ceiling jumps a tier.

Anna Kalinskaya

Smooth counterattacker with clean timing and compact swings

SKILL RADAR · SUMMER 2026

Year born 1998	Location Moscow, Russia	Height 175 cm (5'9")
Years on tour 10	Nationality Russia	Hand Right
Current rank No. 19	Last year rank No. 18	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Dubai finalist
- Australian Open quarterfinal
- Berlin finalist
- Charleston semifinal
- Guadalajara semifinal

FUN FACT

Kalinskaya's balanced baseline game is built on taking the ball early.

BEST STRENGTHS

Stat Man's read: Anna's smooth counterattacker with clean timing and compact swings game peaks with backhand (87) — two-wing stability starts with a backhand that holds under heat. Secondary edge is movement (86): court coverage stretches opponents into low-percentage targets. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

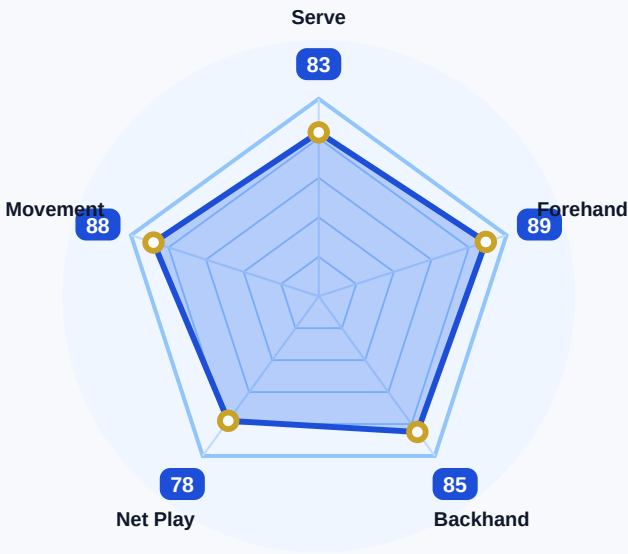

The soft spots: net play (76) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (80) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Anna's ceiling jumps a tier.

Diana Shnaider

Left-handed power baseliner with heavy forehand shapes

SKILL RADAR · SUMMER 2026

Year born 2004	Location Moscow, Russia	Height 175 cm (5'9")
Years on tour 4	Nationality Russia	Hand Left
Current rank No. 20	Last year rank No. 28	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- Bad Homburg champion
- Hua Hin champion
- Budapest champion
- Olympic doubles silver
- Toronto semifinal

FUN FACT

Shnaider played college tennis at NC State before her rapid pro rise.

BEST STRENGTHS

Stat Man's read: Diana's left-handed power baseliner with heavy forehand shapes game peaks with forehand (89) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (85): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

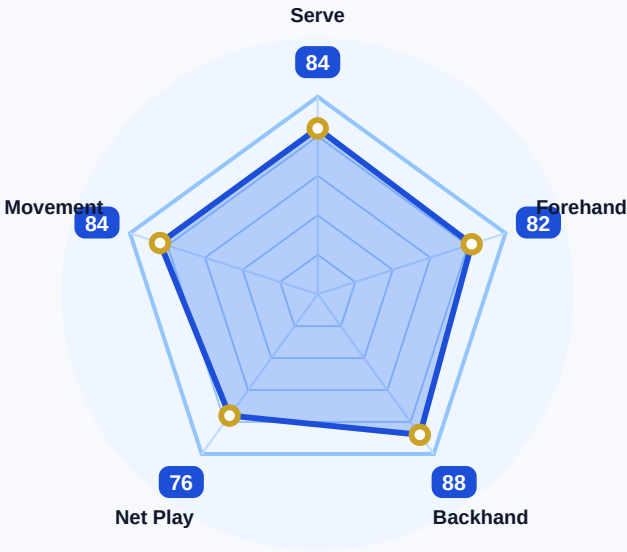

The soft spots: net play (74) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. backhand (82) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Diana's ceiling jumps a tier.

Linda Noskova

Direct baseliner with clean backhand power and a strong serve

SKILL RADAR · SUMMER 2026

Year born 2004	Location Vsetin, Czech Republic	Height 179 cm (5'10")
Years on tour 7	Nationality Czech Republic	Hand Right
Current rank No. 21	Last year rank No. 27	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Australian Open quarterfinal
- Adelaide finalist
- Prague champion
- Brisbane semifinal
- Roland Garros junior champion

FUN FACT

Noskova announced herself by beating top seeds early in her teens.

BEST STRENGTHS

Stat Man's read: Linda's direct baseliner with clean backhand power and a strong serve game peaks with backhand (88) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is serve (84): cheap points off the serve keep pressure on the returner all match. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

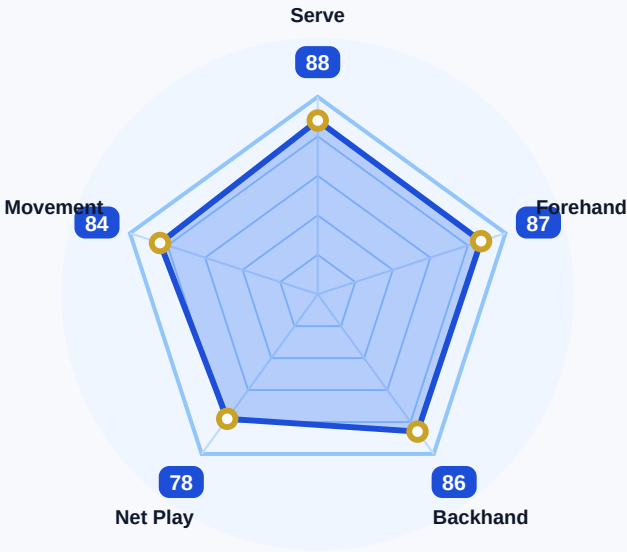

The soft spots: net play (73) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. movement (82) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Linda's ceiling jumps a tier.

Liudmila Samsonova

Big-serving power player who thrives in fast conditions

SKILL RADAR · SUMMER 2026

Year born 1998	Location Olenegorsk, Russia	Height 180 cm (5'11")
Years on tour 13	Nationality Russia	Hand Right
Current rank No. 22	Last year rank No. 23	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Tokyo champion
- Berlin champion
- Cleveland champion
- Canadian Open finalist
- Abu Dhabi champion

FUN FACT

Samsonova spent part of her development in Italy before representing Russia.

BEST STRENGTHS

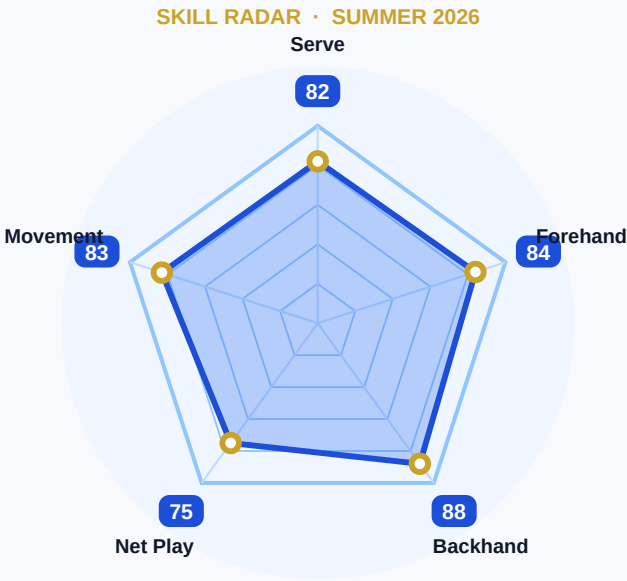

Stat Man's read: Liudmila's big-serving power player who thrives in fast conditions game peaks with forehand (88) — the forehand is the finishing hammer once the court opens up. Secondary edge is serve (88): cheap points off the serve keep pressure on the returner all match. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (72) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (80) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Liudmila's ceiling jumps a tier.

Amanda Anisimova

Flat-hitting baseliner with elite timing on the backhand

Year born 2001	Location Freehold, New Jersey, USA	Height 180 cm (5'11")
Years on tour 10	Nationality United States	Hand Right
Current rank No. 23	Last year rank No. 189	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Roland Garros semifinal
- Wimbledon quarterfinal
- Melbourne champion
- Bogota champion
- Doha finalist

FUN FACT

Anisimova reached a Grand Slam semifinal while still a teenager.

BEST STRENGTHS

Stat Man's read: Amanda's flat-hitting baseliner with elite timing on the backhand game peaks with backhand (90) — two-wing stability starts with a backhand that holds under heat. Secondary edge is forehand (88): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

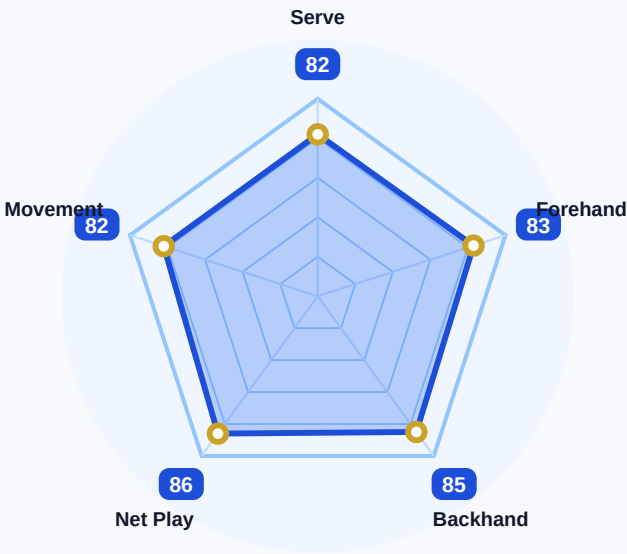

The soft spots: net play (72) is the first door opponents knock on — the net game is still more obligation than weapon. movement (80) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Amanda's ceiling jumps a tier.

Barbora Krejcikova

Complete all-court player with doubles-honed hands

SKILL RADAR · SUMMER 2026

Year born 1995	Location Brno, Czech Republic	Height 178 cm (5'10")
Years on tour 16	Nationality Czech Republic	Hand Right
Current rank No. 24	Last year rank No. 10	Turned pro 2010

TOP 5 TOURNAMENT FINISHES

- Roland Garros champion
- Wimbledon champion
- Dubai champion
- Olympic doubles gold
- WTA Finals doubles champion

FUN FACT

Krejcikova has won Grand Slam titles in singles, doubles, and mixed doubles.

BEST STRENGTHS

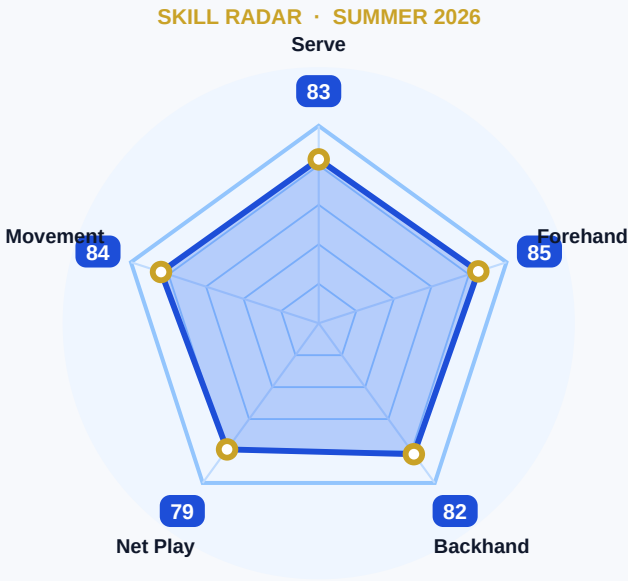

Stat Man's read: Barbora's complete all-court player with doubles-honed hands game peaks with net play (90) — volleys and overheads close the deal when the approach is on time. Secondary edge is backhand (88): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (82) is the first door opponents knock on — returners get comfortable when free points dry up. movement (83) is the backup plan if that fails: heavy hitters win the geography battle when legs get heavy. Fix either one and Barbora's ceiling jumps a tier.

Hailey Baptiste

Explosive baseliner with a heavy serve and athletic reach

Year born 2001	Location Washington, District of Colum-	Height 180 cm (5'11")
Years on tour 8	Nationality United States	Hand Right
Current rank No. 25	Last year rank No. 91	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Washington semifinal
- Auckland quarterfinal
- Australian Open third round
- Wimbledon third round
- US Open third round

FUN FACT

Baptiste developed her game on the public courts of Washington, D.C.

BEST STRENGTHS

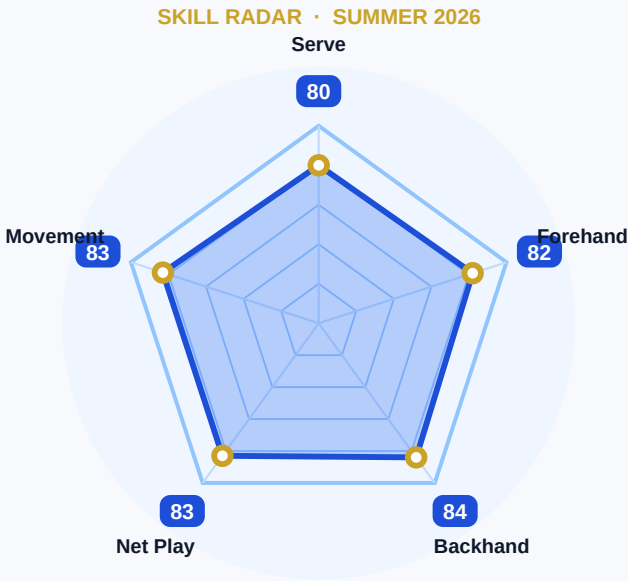

Stat Man's read: Hailey's explosive baseliner with a heavy serve and athletic reach game peaks with forehand (85) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is serve (83): the first serve buys free points and shortens every service game. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (75) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. backhand (80) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Hailey's ceiling jumps a tier.

Elise Mertens

Disciplined baseliner with doubles-class positioning

Year born 1995	Location Leuven, Belgium	Height 179 cm (5'10")
Years on tour 13	Nationality Belgium	Hand Right
Current rank No. 26	Last year rank No. 34	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Australian Open semifinal
- WTA Finals doubles champion
- Hobart champion
- Monastir champion
- Gippsland Trophy champion

FUN FACT

Mertens has paired singles consistency with a world number one doubles career.

BEST STRENGTHS

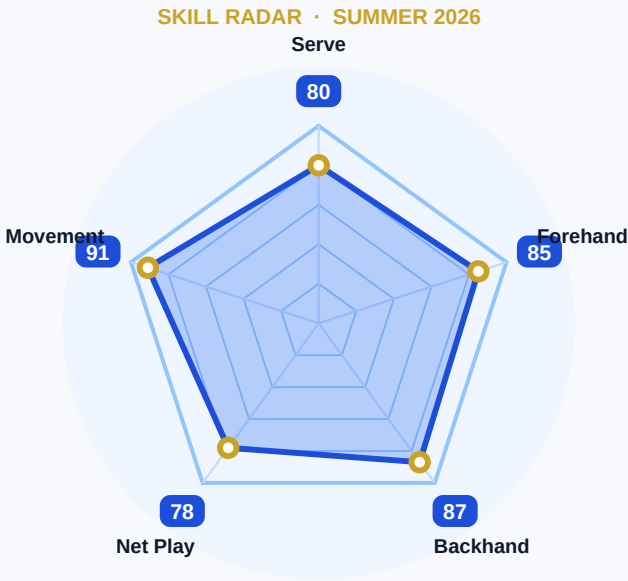

Stat Man's read: Elise's disciplined baseliner with doubles-class positioning game peaks with backhand (86) — down-the-line backhand changes keep baseliners honest. Secondary edge is net play (86): soft hands and good timing at net turn half-chances into winners. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (80) is the first door opponents knock on — second-serve looks can sit up and invite first-strike returns. forehand (82) is the backup plan if that fails: pressure points still find the forehand misfire window. Fix either one and Elise's ceiling jumps a tier.

Elina Svitolina

Elite counterpuncher with speed, discipline, and transition bursts

Year born 1994	Location Odesa, Ukraine	Height 174 cm (5'9")
Years on tour 16	Nationality Ukraine	Hand Right
Current rank No. 27	Last year rank No. 30	Turned pro 2010

TOP 5 TOURNAMENT FINISHES

- WTA Finals champion
- Wimbledon semifinal
- US Open semifinal
- Olympic bronze medal
- Rome champion

FUN FACT

Svitolina returned from maternity leave and quickly rejoined the sport's elite.

BEST STRENGTHS

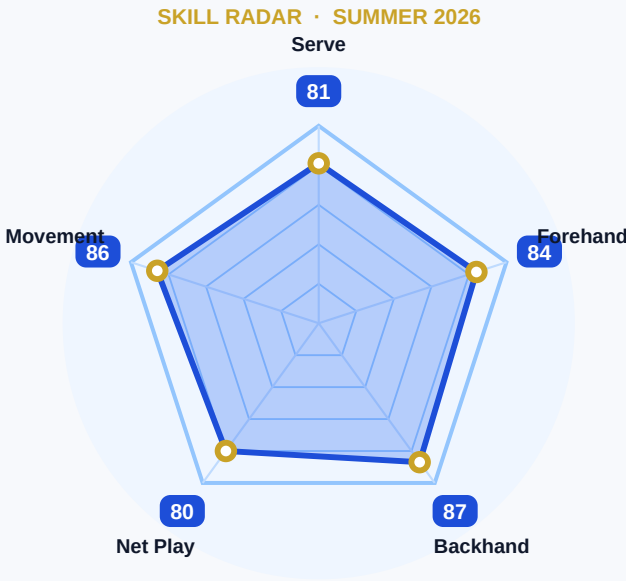

Stat Man's read: Elina's elite counterpuncher with speed, discipline, and transition bursts game peaks with movement (91) — court coverage stretches opponents into low-percentage targets. Secondary edge is backhand (86): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (80) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Elina's ceiling jumps a tier.

Belinda Bencic

Early-striking counterpuncher with precise redirection

Year born 1997	Location Flawil, Switzerland	Height 175 cm (5'9")
Years on tour 14	Nationality Switzerland	Hand Right
Current rank No. 28	Last year rank No. 913	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- Olympic singles gold
- Dubai champion
- Toronto champion
- Charleston champion
- US Open semifinal

FUN FACT

Bencic trained in the same Slovak system that shaped Martina Hingis.

BEST STRENGTHS

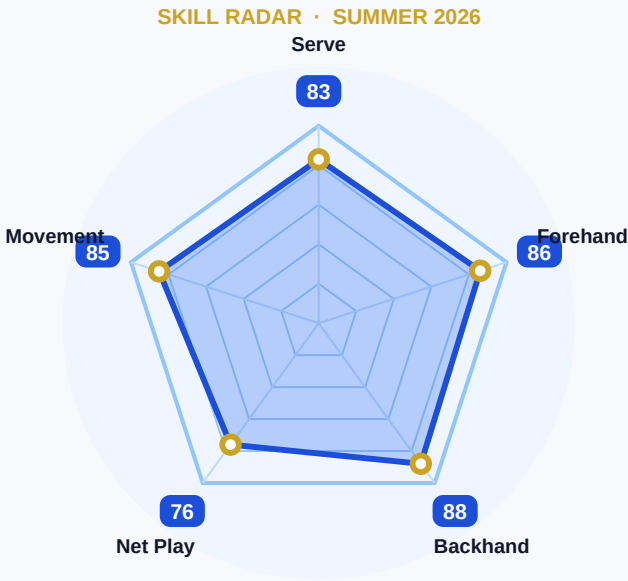

Stat Man's read: Belinda's early-striking counterpuncher with precise redirection game peaks with backhand (88) — down-the-line backhand changes keep baseliners honest. Secondary edge is forehand (85): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (80) is the first door opponents knock on — the net game is still more obligation than weapon. serve (81) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Belinda's ceiling jumps a tier.

Danielle Collins

Fearless power baseliner with relentless return aggression

Year born 1993	Location St. Petersburg, Florida, USA	Height 178 cm (5'10")
Years on tour 10	Nationality United States	Hand Right
Current rank No. 29	Last year rank No. 9	Turned pro 2016

TOP 5 TOURNAMENT FINISHES

- Australian Open finalist
- Miami champion
- Charleston champion
- San Jose champion
- WTA 1000 semifinal

FUN FACT

Collins won two NCAA singles titles before becoming a Grand Slam finalist.

BEST STRENGTHS

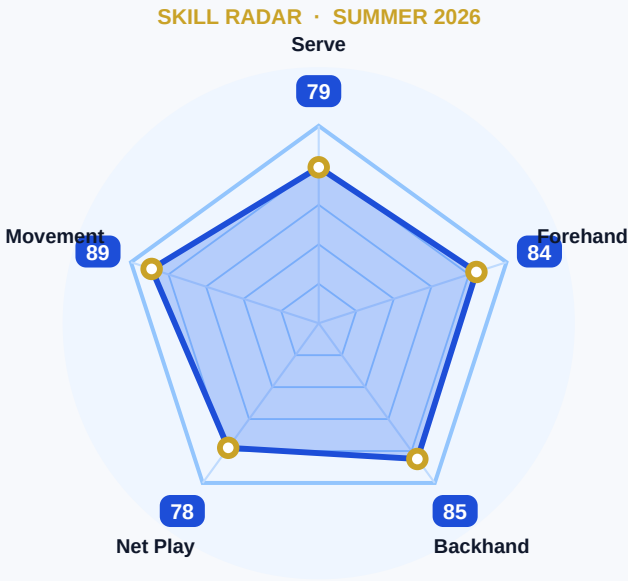

Stat Man's read: Danielle's fearless power baseliner with relentless return aggression game peaks with forehand (90) — the forehand is the finishing hammer once the court opens up. Secondary edge is backhand (89): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — the net game is still more obligation than weapon. movement (82) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Danielle's ceiling jumps a tier.

Emma Navarro

Composed counterpuncher with tidy mechanics and court sense

Year born 2001	Location Charleston, South Carolina,	Height 170 cm (5'7")
Years on tour 4	Nationality United States	Hand Right
Current rank No. 30	Last year rank No. 17	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- US Open semifinal
- Wimbledon quarterfinal
- Hobart champion
- San Diego semifinal
- Charleston quarterfinal

FUN FACT

Navarro won the NCAA singles title at Virginia before flourishing on tour.

BEST STRENGTHS

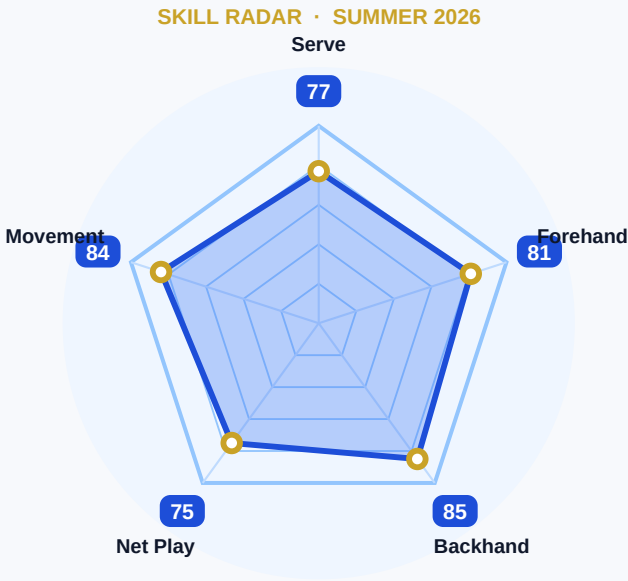

Stat Man's read: Emma's composed counterpuncher with tidy mechanics and court sense game peaks with movement (89) — court coverage stretches opponents into low-percentage targets. Secondary edge is backhand (85): the backhand redirects pace cleanly and refuses to give free looks. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (78) is the first door opponents knock on — the net game is still more obligation than weapon. serve (79) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Emma's ceiling jumps a tier.

Sofia Kenin

Feisty counterpuncher with disguised backhand angles

Year born 1998	Location Pembroke Pines, Florida, USA	Height 170 cm (5'7")
Years on tour 9	Nationality United States	Hand Right
Current rank No. 31	Last year rank No. 76	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Australian Open champion
- Roland Garros finalist
- Guangzhou champion
- Hobart champion
- Mallorca champion

FUN FACT

Kenin's compact backhand helped her win a major at age 21.

BEST STRENGTHS

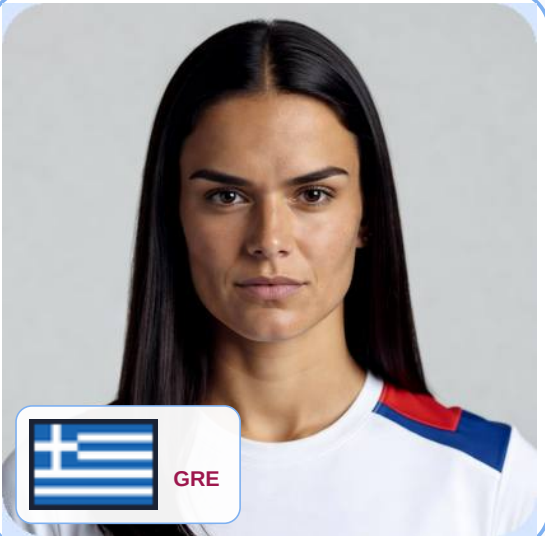

Stat Man's read: Sofia's feisty counterpuncher with disguised backhand angles game peaks with backhand (87) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is movement (84): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

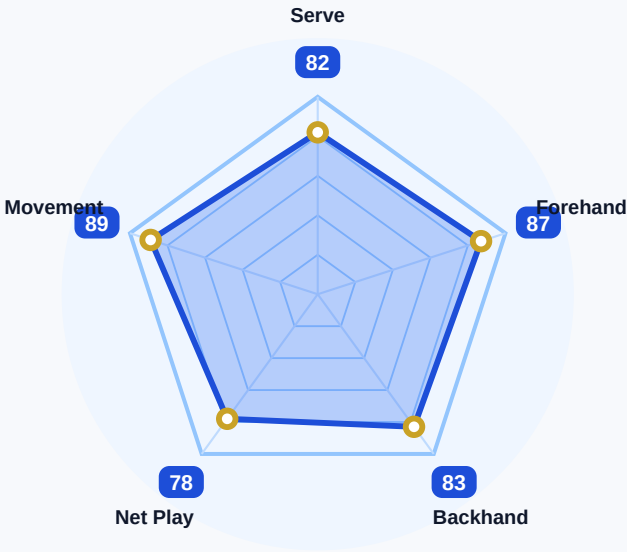

The soft spots: net play (76) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (77) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Sofia's ceiling jumps a tier.

Maria Sakkari

Physical baseliner with heavy topspin and elite conditioning

SKILL RADAR · SUMMER 2026

Year born 1995	Location Athens, Greece	Height 172 cm (5'8")
Years on tour 11	Nationality Greece	Hand Right
Current rank No. 32	Last year rank No. 31	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Roland Garros semifinal
- US Open semifinal
- Guadalajara champion
- Indian Wells finalist
- WTA Finals semifinal

FUN FACT

Sakkari is the daughter of former Greek pro Angeliki Kanellopoulou.

BEST STRENGTHS

Stat Man's read: Maria's physical baseliner with heavy topspin and elite conditioning game peaks with movement (88) — court coverage stretches opponents into low-percentage targets. Secondary edge is forehand (86): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

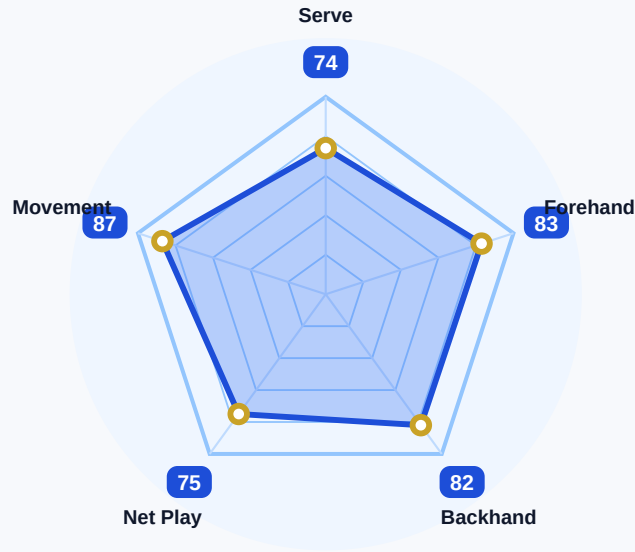

The soft spots: net play (75) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. backhand (80) is the backup plan if that fails: passivity off the backhand wing gifts transition chances. Fix either one and Maria's ceiling jumps a tier.

Elisabetta Cocciaretto

Determined grinder with sharp angles and clay-court instincts

SKILL RADAR · SUMMER 2026

Year born 2001	Location Ancona, Italy	Height 166 cm (5'5")
Years on tour 8	Nationality Italy	Hand Right
Current rank No. 33	Last year rank No. 54	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Lausanne champion
- Roland Garros fourth round
- Hobart finalist
- Guadalajara quarterfinal
- Palermo semifinal

FUN FACT

Cocciaretto has become one of Italy's most reliable pressure competitors.

BEST STRENGTHS

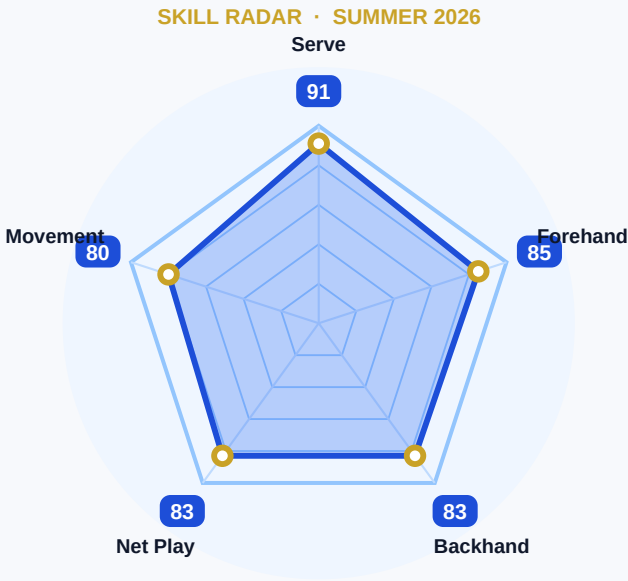

Stat Man's read: Elisabetta's determined grinder with sharp angles and clay-court instincts game peaks with movement (87) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (83): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (74) is the first door opponents knock on — returners get comfortable when free points dry up. net play (75) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Elisabetta's ceiling jumps a tier.

Alycia Parks

Serve-led attacker with explosive power in short points

Year born 2000	Location Atlanta, Georgia, USA	Height 185 cm (6'1")
Years on tour 7	Nationality United States	Hand Right
Current rank No. 34	Last year rank No. 119	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Lyon champion
- Angers champion
- WTA 1000 doubles champion
- Madrid third round
- Wimbledon second round

FUN FACT

Parks has matched some of the fastest serves recorded on the WTA Tour.

BEST STRENGTHS

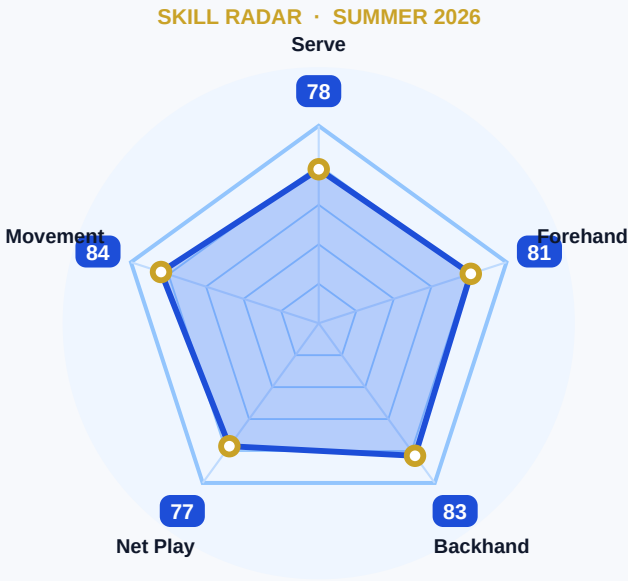

Stat Man's read: Alycia's serve-led attacker with explosive power in short points game peaks with serve (91) — the delivery still sets the table before the rally even starts. Secondary edge is forehand (86): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: movement (76) is the first door opponents knock on — extended defensive patterns can turn into scoreboard leaks. net play (77) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Alycia's ceiling jumps a tier.

Magda Linette

Steady baseliner with clean timing and veteran patterns

Year born 1992	Location Poznan, Poland	Height 171 cm (5'7")
Years on tour 17	Nationality Poland	Hand Right
Current rank No. 35	Last year rank No. 38	Turned pro 2009

TOP 5 TOURNAMENT FINISHES

- Australian Open semifinal
- Prague champion
- Hua Hin champion
- Strasbourg champion
- Tianjin finalist

FUN FACT

Linette's late-career Grand Slam breakthrough came after years of steady tour work.

BEST STRENGTHS

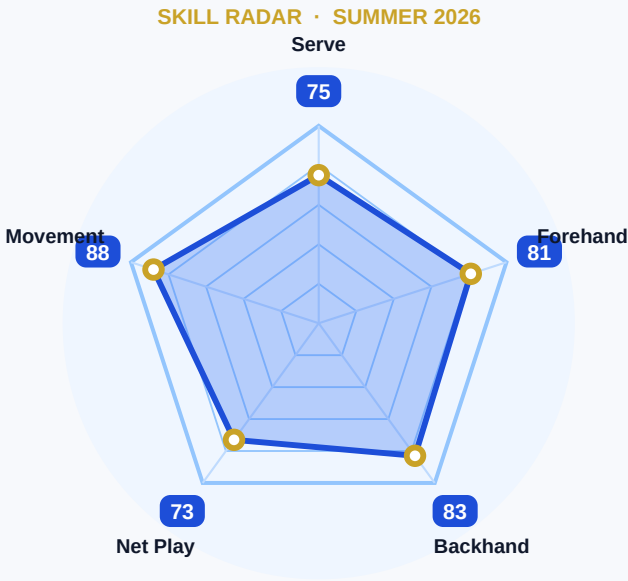

Stat Man's read: Magda's steady baseliner with clean timing and veteran patterns game peaks with backhand (84) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is movement (84): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (77) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (78) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Magda's ceiling jumps a tier.

Katie Volynets

Persistent counterpuncher with high rally tolerance

Year born 2001	Location Walnut Creek, California, USA	Height 170 cm (5'7")
Years on tour 8	Nationality United States	Hand Right
Current rank No. 36	Last year rank No. 69	Turned pro 2018

TOP 5 TOURNAMENT FINISHES

- Austin semifinal
- Australian Open third round
- Roland Garros third round
- Indian Wells third round
- US Open second round

FUN FACT

Volynets speaks Russian and English after growing up in California.

BEST STRENGTHS

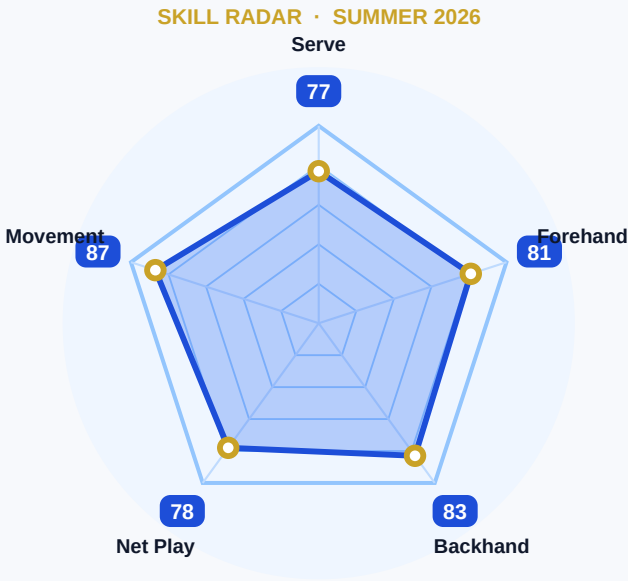

Stat Man's read: Katie's persistent counterpuncher with high rally tolerance game peaks with movement (88) — elite recovery steps turn defense into the next offensive ball. Secondary edge is backhand (82): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (75) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Katie's ceiling jumps a tier.

Marie Bouzkova

Defensive counterpuncher with excellent court positioning

Year born 1998	Location Prague, Czech Republic	Height 180 cm (5'11")
Years on tour 13	Nationality Czech Republic	Hand Right
Current rank No. 37	Last year rank No. 45	Turned pro 2013

TOP 5 TOURNAMENT FINISHES

- Prague champion
- Wimbledon quarterfinal
- Guadalajara finalist
- Monterrey finalist
- Birmingham finalist

FUN FACT

Bouzkova won the US Open girls' singles title in 2014.

BEST STRENGTHS

Stat Man's read: Marie's defensive counterpuncher with excellent court positioning game peaks with movement (88) — elite recovery steps turn defense into the next offensive ball. Secondary edge is backhand (84): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

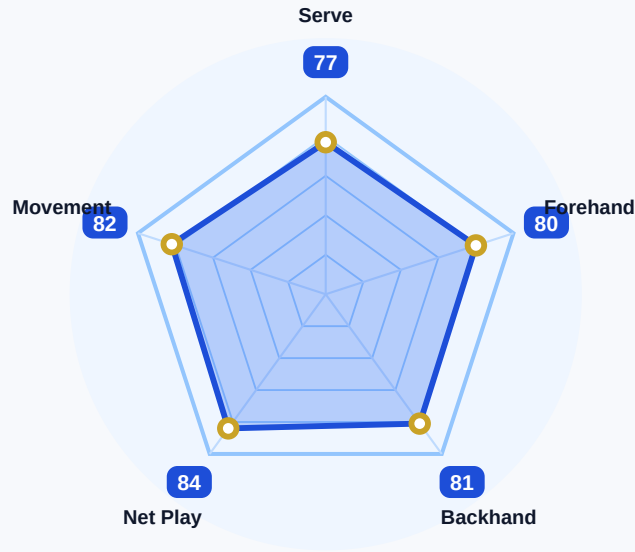

The soft spots: serve (77) is the first door opponents knock on — returners get comfortable when free points dry up. net play (80) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Marie's ceiling jumps a tier.

KateYina Siniaková

Scrappy all-court player with elite doubles instincts

SKILL RADAR · SUMMER 2026

Year born 1996	Location Hradec Kralove, Czech Repub-	Height 174 cm (5'9")
Years on tour 14	Nationality Czech Republic	Hand Right
Current rank No. 38	Last year rank No. 46	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- Olympic doubles gold
- WTA Finals doubles champion
- Bad Homburg champion
- Nanchang champion
- Roland Garros third round

FUN FACT

Siniaková has spent long stretches as the world's top-ranked doubles player.

BEST STRENGTHS

Stat Man's read: KateYina's scrappy all-court player with elite doubles instincts game peaks with net play (89) — soft hands and good timing at net turn half-chances into winners. Secondary edge is movement (85): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

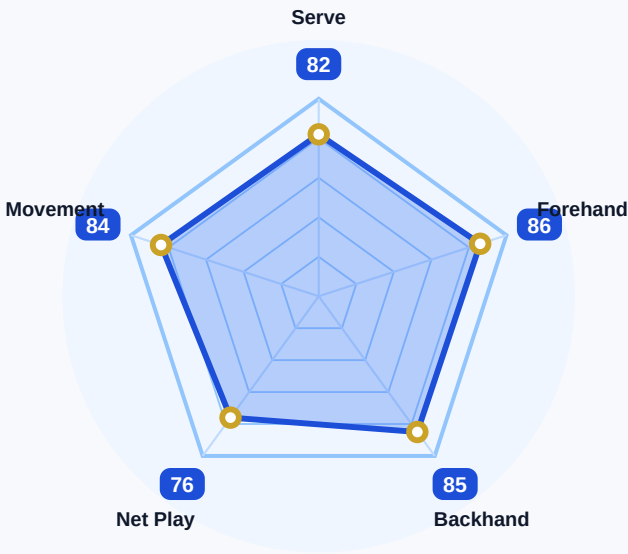

The soft spots: serve (76) is the first door opponents knock on — second-serve looks can sit up and invite first-strike returns. forehand (80) is the backup plan if that fails: pressure points still find the forehand misfire window. Fix either one and KateYina's ceiling jumps a tier.

Dayana Yastremska

Flat power hitter who looks to end points early

SKILL RADAR · SUMMER 2026

Year born 2000	Location Odesa, Ukraine	Height 175 cm (5'9")
Years on tour 11	Nationality Ukraine	Hand Right
Current rank No. 39	Last year rank No. 33	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Australian Open semifinal
- Hua Hin champion
- Strasbourg champion
- Hong Kong champion
- Lyon finalist

FUN FACT

Yastremska combines aggressive tennis with a par- allel interest in music.

BEST STRENGTHS

Stat Man's read: Dayana's flat power hitter who looks to end points early game peaks with forehand (88) — pace and shape off the forehand wing force opponents into guesswork. Secondary edge is backhand (84): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

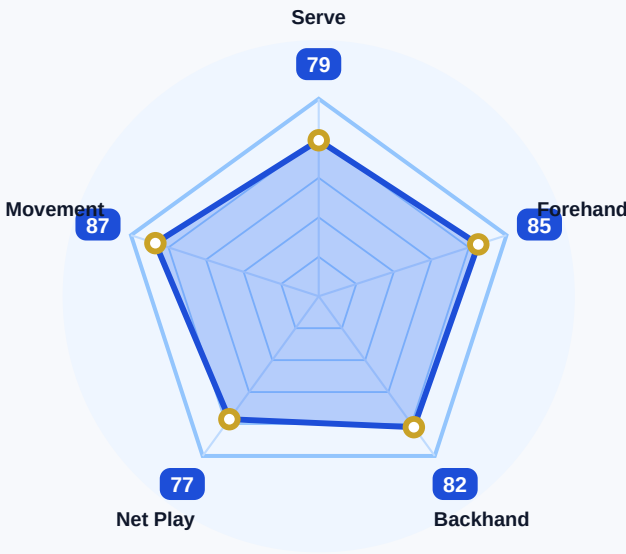

The soft spots: net play (72) is the first door opponents knock on — the net game is still more obligation than weapon. movement (80) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Dayana's ceiling jumps a tier.

Peyton Stearns

Physical baseliner with heavy forehand spin and grit

SKILL RADAR · SUMMER 2026

Year born 2001	Location Mason, Ohio, USA	Height 173 cm (5'8")
Years on tour 4	Nationality United States	Hand Right
Current rank No. 40	Last year rank No. 49	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- Rabat champion
- US Open fourth round
- Bogota quarterfinal
- Austin quarterfinal
- NCAA singles champion

FUN FACT

Stearns won the NCAA singles title at Texas before turning pro.

BEST STRENGTHS

Stat Man's read: Peyton's physical baseliner with heavy forehand spin and grit game peaks with movement (86) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (85): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

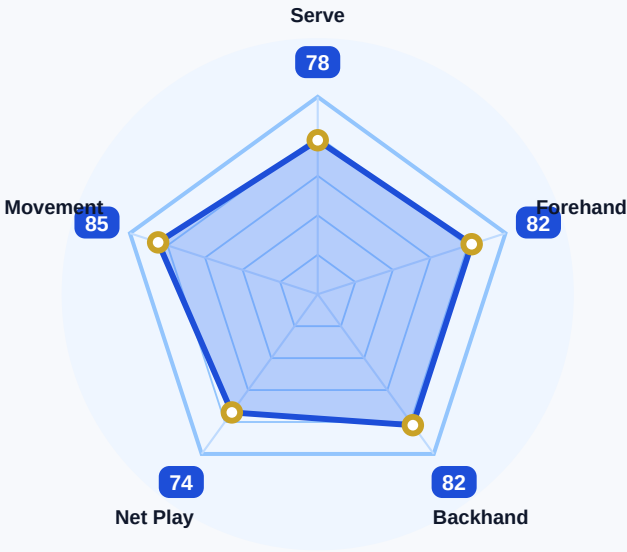

The soft spots: net play (74) is the first door opponents knock on — the net game is still more obligation than weapon. serve (79) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Peyton's ceiling jumps a tier.

Ella Seidel

Rising baseliner with compact power and patient rally building

SKILL RADAR · SUMMER 2026

Year born 2005	Location Hamburg, Germany	Height 176 cm (5'9")
Years on tour 4	Nationality Germany	Hand Right
Current rank No. 41	Last year rank No. 138	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- Hamburg semifinal
- Australian Open second round
- US Open second round
- WTA 125 finalist
- ITF 60K champion

FUN FACT

Seidel has led Germany's next-generation push with a composed baseline game.

BEST STRENGTHS

Stat Man's read: Ella's rising baseliner with compact power and patient rally building game peaks with movement (84) — footwork keeps every ball playable longer than rivals expect. Secondary edge is forehand (82): inside-out and inside-in forehands decide most neutral exchanges. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

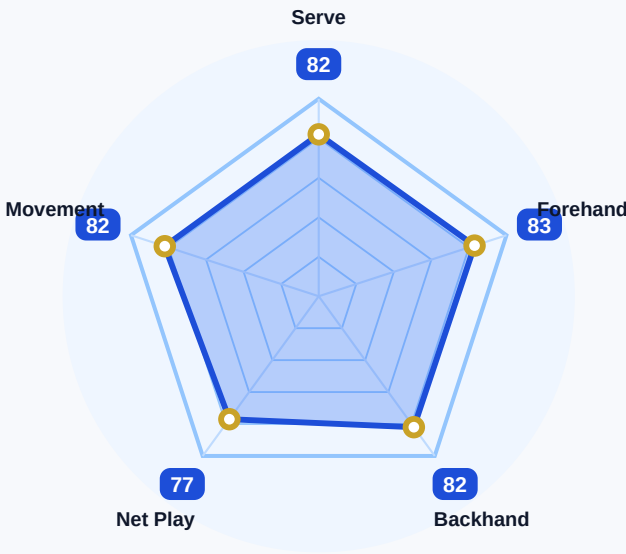

The soft spots: net play (72) is the first door opponents knock on — points that should be finished at net get replayed from the baseline. serve (78) is the backup plan if that fails: when the first-serve percentage dips, holds become grinders. Fix either one and Ella's ceiling jumps a tier.

Jaqueline Cristian

Tall baseliner with first-strike power and improving consistency

SKILL RADAR · SUMMER 2026

Year born 1998	Location Bucharest, Romania	Height 182 cm (5'12")
Years on tour 11	Nationality Romania	Hand Right
Current rank No. 42	Last year rank No. 62	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Linz finalist
- Charleston quarterfinal
- Madrid fourth round
- Bucharest champion
- Australian Open third round

FUN FACT

Cristian is nicknamed Draculetta and often embraces the vampire theme.

BEST STRENGTHS

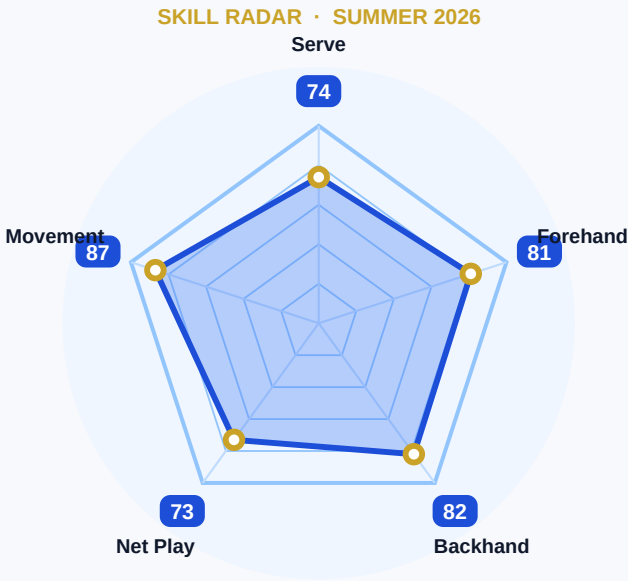

Stat Man's read: Jaqueline's tall baseliner with first-strike power and improving consistency game peaks with forehand (84) — inside-out and inside-in forehands decide most neutral exchanges. Secondary edge is serve (82): the first serve buys free points and shortens every service game. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. movement (80) is the backup plan if that fails: stretchers and wide serves expose recovery gaps. Fix either one and Jaqueline's ceiling jumps a tier.

Sonay Kartal

Compact counterpuncher with quick feet and flat changes of pace

Year born 2001	Location Brighton, England	Height 162 cm (5'4")
Years on tour 7	Nationality Great Britain	Hand Right
Current rank No. 43	Last year rank No. 85	Turned pro 2019

TOP 5 TOURNAMENT FINISHES

- Wimbledon third round
- Monastir champion
- Nottingham quarterfinal
- US Open second round
- ITF 100K champion

FUN FACT

Kartal grew up competing alongside Emma Radu- canu in British junior tennis.

BEST STRENGTHS

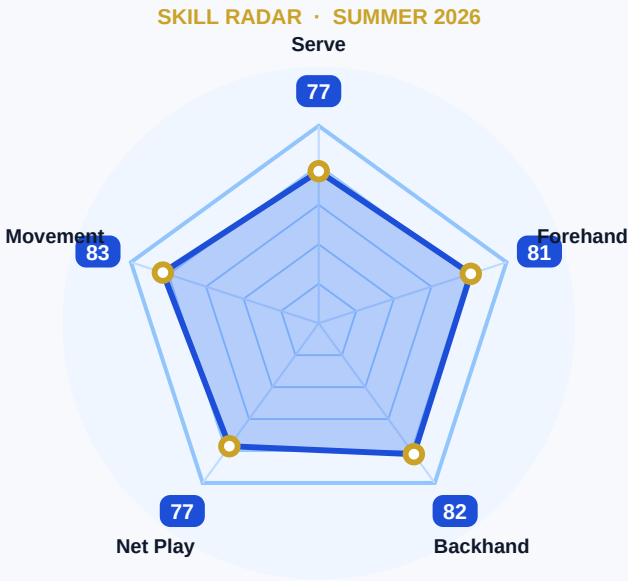

Stat Man's read: Sonay's compact counterpuncher with quick feet and flat changes of pace game peaks with movement (87) — footwork keeps every ball playable longer than rivals expect. Secondary edge is backhand (82): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (74) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Sonay's ceiling jumps a tier.

Aliaksandra Sasnovich

Versatile baseliner with surprise angles and doubles experience

Year born 1994	Location Minsk, Belarus	Height 174 cm (5'9")
Years on tour 17	Nationality Belarus	Hand Right
Current rank No. 44	Last year rank No. 107	Turned pro 2009

TOP 5 TOURNAMENT FINISHES

- Brisbane finalist
- Melbourne finalist
- Wimbledon fourth round
- Miami fourth round
- Cleveland semifinal

FUN FACT

Sasnovich has built a reputation for dangerous ear- ly-round upsets.

BEST STRENGTHS

Stat Man's read: Aliaksandra's versatile baseliner with surprise angles and doubles experience game peaks with backhand (83) — the backhand redirects pace cleanly and refuses to give free looks. Secondary edge is movement (83): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

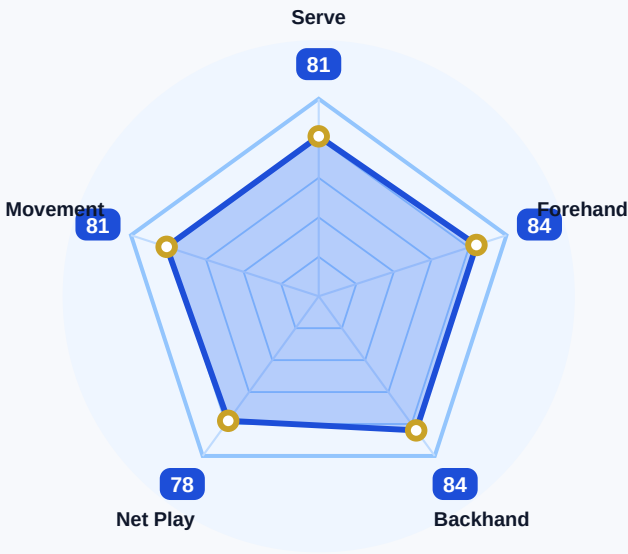

The soft spots: serve (77) is the first door opponents knock on — returners get comfortable when free points dry up. net play (78) is the backup plan if that fails: hesitant approaches leave easy passing lanes on the table. Fix either one and Aliaksandra's ceiling jumps a tier.

Anastasia Pavlyuchenkova

Veteran power baseliner with heavy groundstrokes and experience

SKILL RADAR · SUMMER 2026

Year born 1991	Location Samara, Russia	Height 176 cm (5'9")
Years on tour 21	Nationality Russia	Hand Right
Current rank No. 45	Last year rank No. 26	Turned pro 2005

TOP 5 TOURNAMENT FINISHES

- Roland Garros finalist
- Olympic doubles gold
- Monterrey champion
- Strasbourg champion
- Australian Open quarterfinal

FUN FACT

Pavlyuchenkova was a dominant junior before a long top-level pro career.

BEST STRENGTHS

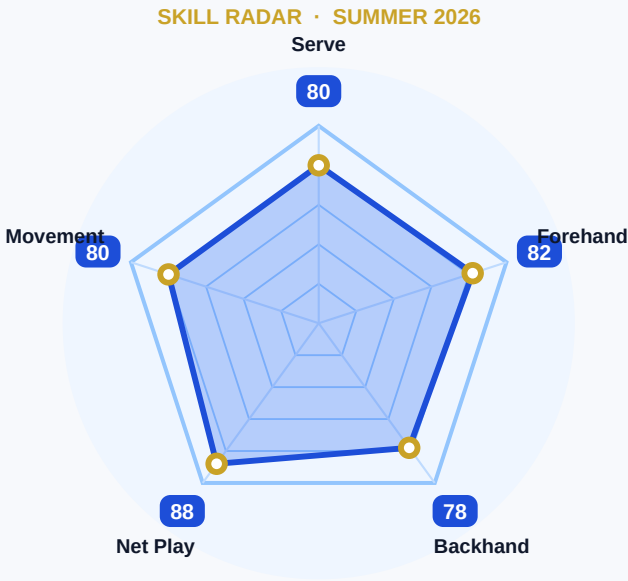

Stat Man's read: Anastasia's veteran power baseliner with heavy groundstrokes and experience game peaks with forehand (86) — the forehand is the finishing hammer once the court opens up. Secondary edge is backhand (85): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (76) is the first door opponents knock on — the net game is still more obligation than weapon. movement (78) is the backup plan if that fails: extended defensive patterns can turn into scoreboard leaks. Fix either one and Anastasia's ceiling jumps a tier.

Taylor Townsend

Left-handed serve-and-volley disruptor with doubles-grade hands

Year born 1996	Location Chicago, Illinois, USA	Height 170 cm (5'7")
Years on tour 14	Nationality United States	Hand Left
Current rank No. 46	Last year rank No. 68	Turned pro 2012

TOP 5 TOURNAMENT FINISHES

- US Open fourth round
- Wimbledon doubles champion
- Cincinnati doubles champion
- Adelaide semifinal
- Australian Open doubles finalist

FUN FACT

Townsend became the world's top junior before re- shaping her pro career.

BEST STRENGTHS

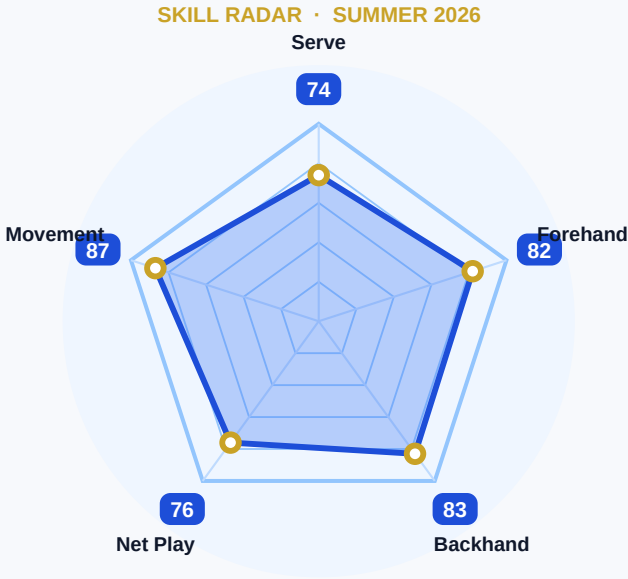

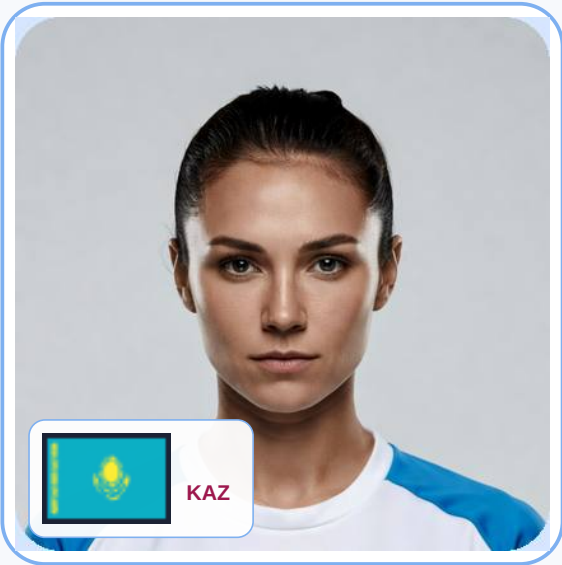

Stat Man's read: Taylor's left-handed serve-and-volley disruptor with doubles-grade hands game peaks with net play (91) — forward court instincts finish points before rallies get messy. Secondary edge is forehand (82): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (80) is the first door opponents knock on — second-serve looks can sit up and invite first-strike returns. backhand (80) is the backup plan if that fails: big servers still look to open that side early in returns. Fix either one and Taylor's ceiling jumps a tier.

Yulia Putintseva

Fiery counterpuncher who disrupts rhythm with variety

Year born 1995	Location Moscow, Russia	Height 163 cm (5'4")
Years on tour 16	Nationality Kazakhstan	Hand Right
Current rank No. 47	Last year rank No. 29	Turned pro 2010

TOP 5 TOURNAMENT FINISHES

- Roland Garros quarterfinal
- US Open quarterfinal
- Birmingham champion
- Budapest champion
- Nuremberg champion

FUN FACT

Putintseva's intensity and drop shots make her one of the tour's trickiest matchups.

BEST STRENGTHS

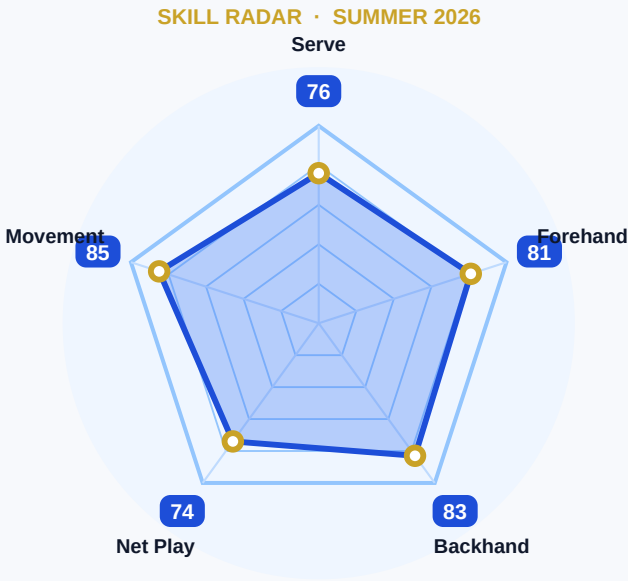

Stat Man's read: Yulia's fiery counterpuncher who disrupts rhythm with variety game peaks with movement (88) — footwork keeps every ball playable longer than rivals expect. Secondary edge is backhand (84): down-the-line backhand changes keep baseliners honest. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: serve (74) is the first door opponents knock on — when the first-serve percentage dips, holds become grinders. net play (77) is the backup plan if that fails: the net game is still more obligation than weapon. Fix either one and Yulia's ceiling jumps a tier.

Varvara Gracheva

Steady baseliner with patience and controlled aggression

Year born 2000	Location Moscow, Russia	Height 178 cm (5'10")
Years on tour 9	Nationality France	Hand Right
Current rank No. 48	Last year rank No. 70	Turned pro 2017

TOP 5 TOURNAMENT FINISHES

- Austin finalist
- Roland Garros fourth round
- Bad Homburg semifinal
- Indian Wells fourth round
- Auckland quarterfinal

FUN FACT

Gracheva began representing France after receiving French citizenship.

BEST STRENGTHS

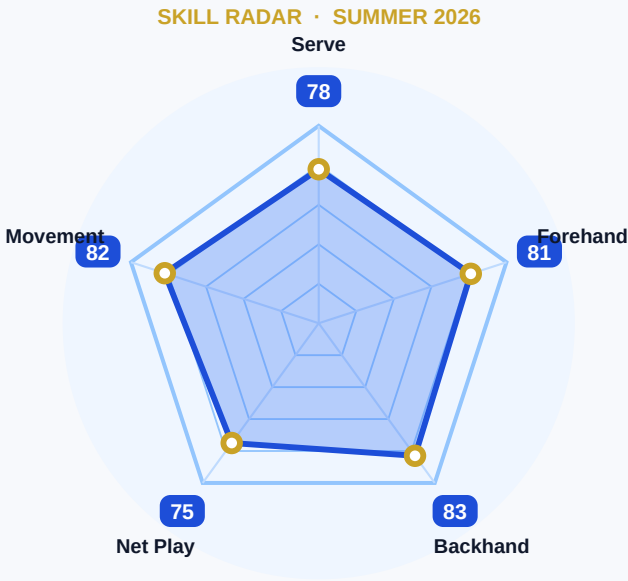

Stat Man's read: Varvara's steady baseliner with patience and controlled aggression game peaks with movement (84) — elite recovery steps turn defense into the next offensive ball. Secondary edge is backhand (83): two-wing stability starts with a backhand that holds under heat. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (73) is the first door opponents knock on — hesitant approaches leave easy passing lanes on the table. serve (76) is the backup plan if that fails: second-serve looks can sit up and invite first-strike returns. Fix either one and Varvara's ceiling jumps a tier.

Anna Blinkova

Flat-hitting baseliner with aggressive return instincts

Year born 1998	Location Moscow, Russia	Height 179 cm (5'10")
Years on tour 11	Nationality Russia	Hand Right
Current rank No. 49	Last year rank No. 75	Turned pro 2015

TOP 5 TOURNAMENT FINISHES

- Cluj-Napoca champion
- Hobart finalist
- Strasbourg finalist
- Australian Open third round
- Roland Garros third round

FUN FACT

Blinkova once won the longest recorded women's singles tiebreak at a major.

BEST STRENGTHS

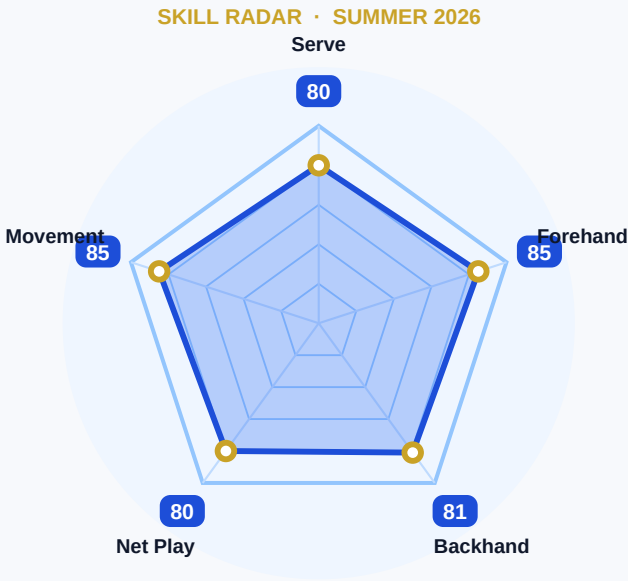

Stat Man's read: Anna's flat-hitting baseliner with aggressive return instincts game peaks with backhand (84) — down-the-line backhand changes keep baseliners honest. Secondary edge is forehand (82): the forehand is the finishing hammer once the court opens up. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (74) is the first door opponents knock on — the net game is still more obligation than weapon. serve (78) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Anna's ceiling jumps a tier.

Lulu Sun

Left-handed attacker with bold forehand patterns and net comfort

Year born 2001	Location Te Anau, New Zealand	Height 173 cm (5'8")
Years on tour 4	Nationality New Zealand	Hand Left
Current rank No. 50	Last year rank No. 40	Turned pro 2022

TOP 5 TOURNAMENT FINISHES

- Wimbledon quarterfinal
- Monterrey finalist
- US Open second round
- WTA 125 champion
- Texas All-American

FUN FACT

Sun represented Switzerland before switching allegiance to New Zealand.

BEST STRENGTHS

Stat Man's read: Lulu's left-handed attacker with bold forehand patterns and net comfort game peaks with forehand (85) — the forehand is the finishing hammer once the court opens up. Secondary edge is movement (84): footwork keeps every ball playable longer than rivals expect. When those two axes light up together, the match tilts fast.

WORST WEAKNESSES

The soft spots: net play (79) is the first door opponents knock on — the net game is still more obligation than weapon. serve (80) is the backup plan if that fails: returners get comfortable when free points dry up. Fix either one and Lulu's ceiling jumps a tier.
